

The Kingston Daily Freeman

VOL. LVIII—No. 87.

CITY OF KINGSTON, N. Y., WEDNESDAY EVENING, JANUARY 30, 1929.

PRICE FOUR CENTS.

Urge Higher Rate Of Wages for Men On Street Force

Board of Public Works Meeting and Speak on Giving Men Increase of 50 Cents Per Day—Sewers, Streets and Signs.

At the last meeting of the common council a resolution introduced by Alderman Leo Clark that the council go on record as recommending that all employees of the laboring class employed by the city be granted a wage increase of 50 cents a day was adopted and referred to the various city boards that employ laborers. Tuesday evening at the regular monthly meeting of the board of public works, Alderman Clark and Alderman Haines also present urged some improvements in their wards, the Second and Third wards. Alderman Clark was extended the privilege of the floor and said that the delegation of eight aldermen were present to plead with the board to give favorable consideration to the recommendation for a wage increase for the laborers. He said that now street sweepers received \$3.25 a day; other laborers \$3.50, and he believed that a wage scale of \$4 a day would not be excessive. During the year the men on the street force did not work full time and he did not consider that they were getting an adequate wage.

More Heart to Work.
Alderman Henry Fox said that he would like to speak on the question of the street force. He said he was a laboring man himself, and that the laboring man had no one to intercede for him at the time the budget was being made up for this year. The firemen and the policemen had their chief to intercede for them, he said. In regard to the laboring man, he goes to work in April and gets laid off in November. Any man earns \$3.50 or \$4 a day these days, and the fellow who is paid the big money doesn't lose any time. It rains the laboring man can't work and is docked. I believe that if these men were paid a living wage they would earn it. They would have a heart to work.

Mayor Dempsey Speaks.
Mayor Dempsey said that speaking for himself and also for the board he understood that no man needed to be afraid to sign a petition asking for more wages, as the board would not discriminate against any man who signed it. It was the privilege of an American citizen to ask for more wages if he thought he should have it. Whether the petition was granted or not, the board would not discriminate against any man. Political parties had no place in the work of the board of public works.

City's Standard Wage.
The mayor said that the aldermen understood of course that at the time the budget was made up and presented to the council for its approval that a certain amount of money had been appropriated for wages. The board in making up its estimate of money needed had based its estimate on the standard wage scale of \$3.50 per day.

Many Men Higher Paid.
Mayor Dempsey said that the fact would be realized, however, that a great many of the men employed by the board received higher wages, receiving from \$4 to as high as \$6 a day. The board some time ago had fixed the wage scale for street sweepers at \$3.25 a day and the men engaged in that line of work were elderly men who, as a rule, were unable to do harder work. Personally the mayor said he thought that \$3.25 and \$3.50 were high wages.

More Employment for More Men.
Mayor Dempsey said that this year the board is planning a program of street building that would employ more men in the city while keeping more money in the city while giving to the taxpayers of the city a maximum of street surfacing at a minimum of cost.

The board is planning to eliminate the buying of all outside material except binding material and were going to build bituminous streets, using the stone from the city quarry. Of course road building could not be started before the middle of May, but before that time the work of getting ready for street work would be started. By building bituminous roads it would cost about \$1.50 per cubic yard and afford a fine road.

Will Give Consideration.
The mayor said that the board could give consideration to the recommendation.

Want Sewer Built.
Alderman Haines said that he appeared in behalf of the residents of Foxhall avenue in regard to a petition that had been filed with the board to construct a sewer in Foxhall avenue from Flatbush avenue and along Albany avenue for a short distance, north and south.

City Engineer G. Wallace Codwise reported that the cost of constructing the sewer would be \$3,280, of which amount the property owners paid 75 per cent.

E. W. Leverett and Harry Taylor circulated the petition asking for the construction of the sewer. They present and said that every one in that locality were asking when the sewer would be built.

On motion of Commissioner Fes-

Odell Goes to Steamers' Aid

Newburgh, N. Y., Jan. 30 (P).—The freight steamers Newburgh and Poughkeepsie, of the Central Hudson Steamboat Company, plying between Kingston and New York City, were fast in the ice below Storm King today.

The steamer B. B. Odell left here this morning to attempt to extricate the two vessels, which were caught in the Narrows where the ice formed in windrows. The crew were said to be in no danger as they were equipped for such experiences, which are common at this season.

It was expected, it was said at the office of the company here, that the steamers would be released from the ice and that the Poughkeepsie would arrive in Rondout creek between 4 and 5 o'clock this afternoon.

Hoover Plans Close Contact With Government

Various Government Agencies Spending Huge Sums Are Under Direction of President—Hoover Expected to Have Liaison Officer to Lighten His Work.

Miami Beach, Fla., Jan. 30 (P).—Close contact with the more than half a hundred independent agencies of the federal government is planned by President-elect Hoover during his administration.

This explains the pending request before Congress for an emergency appropriation of \$10,000 for an additional White House secretary. This official will be the liaison officer between the president and the independent organizations, which include the Veterans' Bureau, the Shipping Board, the Federal Water Power Commission and many others.

These agencies expend close to three-quarters of a million dollars annually and the direction and supervision of their policies has added a burden on the president which President Coolidge and Mr. Hoover have agreed should be lightened as far as possible.

If Congress approves the recommendation made by Mr. Coolidge, Mr. Hoover as president will have three secretaries who will have equal rating and among whom will be parceled the three major divisions of work in the executive offices.

Besides the secretary who will keep in contact with the independent agencies, there will be one to give executive attention to the enormous volume of mail at the White House and another to deal with members of Congress and the public.

Two Appointments Expected.

Just as he has kept his own counsel as to his cabinet selections, the next chief executive has given no intimation as to whom he will place in the three secretarial jobs. The general expectation is that two of them will go to George Akerson and Lawrence Richey, who during the campaign bore the title of "assistants" to Mr. Hoover.

Mr. Akerson, a former newspaperman, had a dual role while the fight for the presidency was on, handling a large part of the correspondence and dealing directly with the hundreds of callers at Mr. Hoover's headquarters. When the president-elect came to Florida he left Mr. Akerson to keep in touch with senators and representatives who might desire to consult the next president and yet who could not find the time to make the trip to Florida.

Mr. Richey has been associated with Mr. Hoover since the early war days and is acting as his secretary during the Florida vacation. When the president-elect was made secretary of commerce, Mr. Richey made a survey of the various bureaus of the department.

In view of this there have been suggestions that Mr. Richey might be selected to act as liaison officer between the new president and the federal agencies which come directly under the president, since they have no connection with any of the established departments of the government.

Politician Suggested for Secretary.
There also have been suggestions that Mr. Hoover would pick an experienced politician as his personal secretary, since that officer is assumed to advise him with political appointments as well as represent him frequently in dealings with congressional and party leaders.

This course was followed by President Coolidge in the selection of C. Bascom Sloop, former representative from the Ninth Virginia District, and now Republican national committeeman for the Old Dominion, and in the appointment of former Representative Sanders of Indiana, when Mr. Sloop resigned.

REV. DR. SEELEY AWAY ON MONTH'S LEAVE OF ABSENCE

The Rev. Dr. and Mrs. Frank B. Seeley left Kingston on Monday for the south where they will spend a month. Dr. Seeley was granted a month's leave of absence by the consistory of the Fair Street Reformed Church and during his absence the pulpit will be supplied.

Chimney Fire on Washington Ave.
This morning the fire department was called out for a chimney fire in the building at 364 Washington avenue, owned by Samuel Cohen. There was no damage.

Two Indictments Are Dismissed In County Court

Charges Against Edward Pierce and Fred Perry Dismissed—Levine Case Set for Next Monday—Civil Cases Advanced One Week.

County court met Tuesday afternoon for the purpose of taking up a case in the event one was ready. At the morning session after two defendants had changed former pleas of not guilty to guilty the manslaughter case against Henry Levine was moved for trial by Assistant District Attorney Murray. Vernon Kelder answered the call and stated that he believed Judge William D. Cunningham appeared for the defendant but that he knew nothing of the facts and had never seen Mr. Levine whose location at the present time he knew not. He asked that an adjournment be taken so that he could get in touch with Levine and Judge Cunningham and have the case set down for such time as the defendant could be reached. An adjournment until afternoon was taken.

When court re-convened he informed the court that he had located his client in New York City where he was operating a bus and he would be able to have the defendant in court by Thursday. However, a previous engagement in court would prevent Judge Cunningham from appearing until Thursday afternoon.

This would make it necessary to hold the case over the week end and either keep the jury together over the week end at their inconvenience or have them return to their homes and thereby have an opportunity to mingle with the people during a long recess and probably hear discussions over the case. In view of these facts Judge Fowler adjourned court over until Monday afternoon at 2 o'clock when the Levine case will go to trial. The civil cases which were set down for next Monday will be advanced one week to February 11.

Levine is alleged to have struck a man named Schwartz in the town of Wawarsing and death resulted. The accident happened some two years ago.

Indictments Against Pierce Dismissed.

District Attorney Traver asked that the indictment against Edward Pierce be dismissed. Pierce was arrested on a charge of maintaining a disorderly house in the town of Ulster on two different dates. On one charge he entered a plea of guilty about a year ago and served the sentence imposed. At that time he stated he was going out of the business and it was agreed that if he went out of that kind of business and remained out the second charge would be dismissed. Mr. Traver stated that Pierce was out of the business and had been living a decent life for a year past and he desired the indictment dismissed in accordance with his agreement.

Another Indictment Dismissed.

The indictment against Fred Perry was also dismissed. Perry was also charged with maintaining a disorderly house. In asking for this dismissal Mr. Traver stated that there was some doubt as to whether Perry could be connected up with the operation of the house and he also did not desire to put a very important witness who would be required to testify if the case went to trial. This witness had been at the place and who had carried his investigations too far. Mr. Traver said that in the securing of evidence in these cases his office desired to secure the evidence but did not sanction the carrying of these acts too far as had been done in this case. Judge Fowler dismissed the indictment.

Court recessed until 2 o'clock Monday afternoon and at that time the Levine case will be taken up. Civil cases will remain on the calendar as now but the trial will be advanced a week and the court will notify attorneys who have cases on the civil calendar of the advancing of the trial date one week.

City Taxes Due During February

City Treasurer E. T. Shullis has a force of girls at work busy making out the tax bills which are collectible in February. It is expected that the bills will be mailed out this week to the city taxpayers. For the convenience of taxpayers the city treasurer's office will remain open Tuesday evening, February 19, and Tuesday evening, February 26, from 7 until 9 o'clock.

SUDDEN DEATH OF PIONEER GLOVE MANUFACTURER

Johnstown, N. Y., Jan. 30 (P).—James M. Evans, 54, of the firm of Richard Evans and Sons, pioneer glove manufacturers, died suddenly last night in New York City while on a business trip, according to word received here today.

Mr. Evans was a member of the National Glove Manufacturers' Association and a director of the People's Bank of Johnstown. He was a former Republican chairman of Fulton county, and was prominent in Masonic circles.

He is survived by his widow, a son, John I. Evans, and a brother, Richard M. Evans, who was his partner in the Evans firm.

Weather Stations For State Aviation

Joint Legislative Committee on Aviation Files Report—Secondary Airway System of Three Subsidary Routes Also Recommended.

Albany, N. Y., Jan. 30 (P).—Establishment of 14 auxiliary weather bureau stations and a secondary airway system of three subsidiary routes, together with continuance of the joint legislative committee on aviation for at least another year were among recommendations the committee prepared for submission in its report to the Legislature today.

The new weather stations would be set up at Elmira, Glens Falls, Hornell, Jamestown, Lake Placid, Little Falls, Malone, Middletown, Olean, Oneonta, Plattsburg, Poughkeepsie, Ticonderoga and Watertown. These would be equipped by the state at a cost of \$500 each.

The committee favored the establishment of these subsidiary routes: New York to Buffalo, via Binghamton, Elmira and Olean, with a branch from Elmira over Olean and Jamestown, connecting with the Buffalo-Cleveland route west of the state border.

Elmira to Syracuse, Watertown, Potsdam and Plattsburg, connecting with the New York-Montreal route.

Albany to Binghamton, connecting with the southern tier route. Continuance of the committee was urged in lieu of the establishment of any state aviation department or bureau for the control of aeronautics, "which is definitely frowned upon."

The committee stated its belief that "in the interest of uniformity of regulation the creation of state aviation bureaus or departments in this or any other state was distinctly bad."

Among amendments or additions to the state aviation laws the committee said it would recommend during the present session were:

To permit two or more cities or villages to unite in setting up an airport and to permit counties to establish county airports.

Legislation to relieve the owner of an airport from liability for accidents provided he has used reasonable care in eliminating hazards.

Plans for publication of an "aviation blue book" based on material gathered by the committee through a questionnaire, were announced in the report. It would include authoritative information on airports, landing field and emergency fields throughout the state.

Communities Winterbound

Snow, Ice and Sub-Zero Temperatures in Wisconsin and Michigan Caused Hardships—Tale of Stork That Beat Doctor.

Milwaukee, Jan. 30 (P).—The conversational bromide, "we aren't having the winters we used to have," has been frozen stiff and buried under tons of snow in the Wisconsin and Michigan northland.

Today, as word began drifting out from communities that have been winterbound for days and weeks, some idea of the season's severity was realized.

Kewaunee, Wis., was one of the places where the oldest residents were ready to admit that never before, in their memory, had there been such a winter.

No Kewaunee was better able to attest the severity of the weather than Dr. W. M. Wochos. At dawn, with the temperature far below zero, Dr. Wochos received a telephone call from the Eugene Beaurain home, nine miles away.

The physician set forth in his ski-equipped motor car, only to abandon it after three miles of tedious travel, bucking the heavy drifts. He started ahead on foot, floundering slowly through the snow.

Finally he came to a farm house and phoned Beaurain instructions on how to welcome the stork should the bird arrive before he did. A snow plow was unable to advance only three miles, after five hours.

Dr. Wochos, bundled in woollens and carrying his instrument case in many-mittened hands, pressed ahead on foot, fighting bitter cold and snow that was waist-high in places. After several hours he stumbled exhausted and nearly frozen into the Beaurain home.

The stork had beaten him, and Mrs. Beaurain and a baby girl were doing as well as though the doctor had been there on time.

Our Growing Population.

The following births have been reported to the board of health:

Mr. and Mrs. James H. Lamey, Newburgh, a son, Donald Robert, at 125 Stephan street.

Jury Disagrees In Case of U. S. Coast Guardsman

Charged With Manslaughter, Second Degree, For the Fatal Shooting of Jacob D. Hanson, Secretary of Niagara Falls Lodge of Elks—Will Apply for a New Trial.

Elmira, N. Y., Jan. 30 (P).—A disagreement was reported at the opening of court here today by the jury considering the case of Glenn Jennings, United States Coast Guardsman, charged with manslaughter, second degree, for the fatal shooting May 6 of Jacob D. Hanson, secretary of Niagara Falls Lodge of Elks.

Judge John R. Hazel thanked the jury and discharged them after they had spent the night on oots in the federal building.

The jury was locked up at 12:50 o'clock this morning after they had been deliberating since receiving the case at 2 o'clock yesterday. They were instructed by Judge Hazel to return a verdict at 9 o'clock this morning, when court was to convene.

The jury returned three times for instructions, once to inform the court that they could not agree.

This case is costing the government so much that it must be completed with dispatch," said Judge Hazel at 12:50 a. m. "Go back in the jury room. I expect you to bring in a verdict when court opens."

Accommodations for the jury were lacking at hotels and boarding houses and they were settled for the night on oots in the federal building.

Verdict of Acquittal Indicated.

The trend of the questions asked by the jury on their calls for instructions indicated to observers that a verdict of acquittal was under consideration.

"We would like to have one question cleared up," the foreman asked the court. "Assuming that Jennings regarded the driver of the Hanson car as a felon endeavoring to escape from an officer and that he fired to disable the car, how would the jury be instructed to determine his guilt or innocence, assuming that a shot which went wild did the damage."

Judge Hazel replied that if those were the circumstances the jury could reasonably determine that the occurrence was a misadventure and that the accused was not guilty of the offense.

After the judge's ruling District Attorney Raymond A. Knowles asked him to instruct the jury that Jennings must have had a reasonable belief that the car was being driven by a felon. The court complied with his request.

Shortly before the jury was ordered locked up by Judge Hazel they reported to the court that they were unable to reach a verdict. Juror Number 11 told Judge Hazel that they might be able to agree if certain questions of law were cleared up. He requested a reading of that portion of the judge's charge which referred to the definition of manslaughter.

Will Apply for New Trial.

District Attorney Raymond A. Knowles announced that he would make application to Judge Hazel for a new trial at Buffalo.

It was unofficially reported that ten ballots had been taken by the jury, both the first and the last standing nine to three for conviction. Widespread interest was manifested in the case. Two United States Coast Guardsmen, Boatswain Frank L. Beck and Surfman Jennings, were accused of the death of Hanson, who was shot on Lewiston hill when he failed to halt on the command of Jennings, on watch for rum runners.

Beck was discharged early in the trial and reinstated as a defendant when Judge Hazel reconsidered his ruling. After District Attorney Knowles and United States Attorney Templeton had completed their summations yesterday Beck was discharged again on renewal of Templeton's motion.

Electric Board Is Re-appointed

The board of fire commissioners at the regular meeting on Tuesday evening re-appointed the members of the board of electrical examiners for a term of one year. The board is composed of Fire Chief Joseph L. Murphy and Michael J. Gallagher and Joseph Grubers, electrical contractors.

PLAY STREET PROVIDED FOR GARMENT WORKERS

New York, Jan. 30 (P).—A "play street" for garment workers was opened in the congested garment section today.

The outpouring each noon of thousands of workers employed by the garment houses has long been a police problem, sidewalks and streets becoming jammed with the throngs of men and women, becoming virtually impassable.

Police Commissioner Whelan partly solved the problem last week when he made Seventh avenue between 34th and 35th streets, a one-way thoroughfare for pedestrians, but found the workers then had no place to go. As a result he has ordered that 36th street, between Seventh and Eighth avenues, be closed to traffic during the hours.

City Fire Loss Was \$33,350 During 1928

Fire Department Responded to 311 Calls—Six Additional Firemen Needed—Building Permits to Value of \$1,734,689 Issued—Fire Chief Calls Attention to Calls For Aid Outside City.

During the past year the Kingston fire department responded to 311 calls, and the fire loss during 1928 totaled \$33,350, a decrease of \$122,450 from the year 1927, according to the annual report of Fire Chief Joseph L. Murphy submitted to the board of fire commissioners Tuesday evening at the Central Fire Station. In his report the fire chief calls attention to the fact that during the past year he issued 713 building permits to a total value of \$1,734,689.73.

Due to the increased work of the fire department the fire chief recommends that six additional men be appointed to the paid fire men. The fire chief also recommends the purchase of additional fire fighting apparatus and equipment, and calls attention to the fact that the apparatus in service at the Rapid and Union Hose Company houses is about worn out.

Fire Chief Murphy also devotes some space to the consideration of answering out of the city calls for assistance, and says that the problem does not lay in the village and town calls but in the individual calls from persons living outside the city, and suggests that action be taken that will not only protect the city but afford assistance to those in need of it.

The report in full follows:

Chief Office, Fire Department Headquarters, Kingston, N. Y.
To the President and Members of the Board of Fire Commissioners, Gentlemen:

In compliance with Chapter 704 of the Laws of 1907 and in order to comply with Chapter 611 of the Laws of 1915, I have the honor and pleasure to submit for your approval my annual report for the year ending December 31, 1928.

During this period the department responded to 311 fire calls, 224 telephone, 68 bell alarms, 19 verbal reports of fire; 38 fires occurred in our city upon which insurance loss was paid, in amount \$1,338.09 to which the Fire Department was not called. This loss is included in the total insurance loss by fire.

Fire loss for the year 1928 is \$33,350.61. Year 1927 the loss was \$155,811, a decrease of \$122,460.29. A survey of the report will show the number of fires—cause of fire, insurance carried on buildings and contents, insurance loss by fire, number of building permits issued. Approximate estimate of the new buildings, alterations, additions and repairs to buildings, burning permits issued, inspections of buildings by uniform firemen, theatre detail.

Fire Calls.

Bell Alarms	68
Telephone	224
Verbal	19
Total	311

Fires to which the department was not called

Fire Calls and Cause of Fire.	
Sixty-six different causes are given for fire calls received during the year. Fires of an unknown origin have taken the lead of the chimney fires. 54 of unknown origin, chimney being 22.	

Disabled Rudder Caused Silver Maple to Drift 250 Miles Since Last Saturday—Fate of Other Ships in Doubt.

Boston, Jan. 30 (P).—The disabled British freighter Silver Maple was safely in tow today, according to radio dispatches, after she had drifted helpless in heavy seas for 250 miles since last Saturday. The United States Coast Guard cutters Tampa and Mojave reached the crippled vessel yesterday after a 500-mile dash from New England waters. They planned to tow her to Bermuda, 450 miles away.

Meanwhile hope was revived for the missing trawler Seiner and her crew of 20 when the U. S. destroyers Shaw, Davis and Wilkes acted on a report that a trawler resembling the Seiner was seen last Sunday 12 miles southwest of Nantucket Shoals. The destroyers, assigned to search for the Seiner, were informed of the report by coast guard headquarters here. The Seiner is more than a week overdue.

The safety of the Silver Maple, on the other hand, seemed assured today. There was no indication that she was damaged beyond a disabled rudder.

Help was on the way today to the Norwegian freighter Terna, caught in the ice off Friar's Head, Nova Scotia, for the past nine days. The government steamer Sydney was dispatched yesterday from Halifax after Captain Bisset of the Terna. Smoke from her chimney was witnessed that his ship's water supply was running low although he had food for ten more days.

Another ship made good its escape from the winter perils of the Atlantic when the New Bedford dragger William H. Kilgus was towed to port here by the trawler Kingfisher after she had drifted helpless for eight hours last Sunday 165 miles southeast of Highland Light. A 50-mile an hour east wind swept her across her propeller and then blew her back into the ice which held her to the Kingfisher.

TWO AUTOMOBILE CRASHES REPORTED TO THE POLICE

Two automobile crashes in which no one was injured were reported to the police department. Florence M. Roach of 25 Stuyvesant street reported her car was struck on Broadway by a taxi driven by Percy Parker, damaging her car somewhat. Albert Rathgeber of 361 Albany avenue reported that while driving down the Hanratty street hill he ran into a taxi owned by Edward Tury which was parked in front of 21 Hanratty street on the wrong side of the street and without lights. The taxi was damaged but Rathgeber said that his car was not damaged.

Adopt New Debating Rules

A new set of rules for the debating teams in the Intercollegiate Debating League of Eastern New York was adopted at a meeting of the executive council of the league last week at Newburgh. It was decided that all teams of all schools in the league shall debate the same question in "Resolved, That the five-day labor week will be adopted by American industry."

Each school has two teams, one affirmative and one negative. The debates must be held by the third Friday in April and semi-finals must be held by the fourth Friday in April. The affirmative team shall debate at home in each case. Twelve schools are members of the league which are divided into groups of three.

The following schedule has been arranged: Poughkeepsie affirmative with Newburgh negative; Newburgh affirmative with Kingston negative; Kingston affirmative with Poughkeepsie negative; Arlington affirmative with Beacon negative; Beacon affirmative with Hudson negative; Hudson affirmative with Arlington negative; Cornwall affirmative with Cornwall-on-Hudson negative; Cornwall-on-Hudson affirmative with Highland Falls negative; Highland Falls affirmative with Cornwall negative; Monroe affirmative with Tuxedo negative; Tuxedo affirmative with Suffern negative; and Suffern affirmative with Monroe negative.

It was decided that all schools with an enrollment of less than 500 should pay annual dues of \$5 and all other schools would pay dues of \$10. As Kingston, Beacon, Hudson and Monroe are recent additions to the league increasing the membership almost a third.

News From the World on Wheels

Production and sale of Oakland and Pontiac cars will touch the highest level in history during 1929. A. K. Glancy, president and general manager of the Oakland Motor Car Company, predicted at Chicago before the Oakland-Pontiac dealers at a banquet held in connection with the National Automobile Show. Mr. Glancy stated that 1929 volume should show a sizeable increase even over the 1928 cars built by his company during the past year—a record 35 per cent better than in any previous twelve month period in the 22-year existence of the Oakland Company.

More than one-third of all the American automobiles imported into England were Essex Super-Sixes, and other American cars combined led all Europe, according to the official figures for 1928, published by the Automotive Trade Commission in Paris.

PUPILS FAIR WELL IN REGENTS' AT WOODSTOCK

Pupils of the Woodstock school and schools of surrounding communities reflected much credit on themselves and their teachers by very successfully answering the lists of questions handed out by the State Board of Regents, when examinations were held at Woodstock on January 21, 22 and 23.

Those who successfully passed Regents' examinations in the subjects named were as follows:

Woodstock School
Mary Bentley—Silent reading, writing and spelling.
Buckley—Silent reading, writing, spelling and geography.
Holley Cantline, Jr.—Silent reading, writing, civics, spelling, arithmetic, geography and history.
Ruth Elwyn—Silent reading, writing and spelling.
John A. Fagel—Arithmetic.
Harriet France—Silent reading, writing, elementary English and arithmetic.
Clayton Harder—Writing, history and civics.
Irene Hommel—Silent reading and writing.
Margaret Huty—History and civics.
Nancy Huty—Silent reading and writing.

Church Layman—Silent reading, writing, spelling and geography.
Kathryn Miller—Writing, spelling, elementary English and geography.
Arthur Peper—Silent reading and writing, spelling and geography.
James Riley—Silent reading and writing.
Hans Schleicher—Writing, spelling, history and civics.
Mildred Shultz—Silent reading and writing.
Julius Szalay—Elementary English and arithmetic.
Laura Johnson—Writing.

Bearsville Pupils
Alice Houst—Writing, spelling and arithmetic.
Oliver Shultz—Writing, geography history and civics.

Shady Pupils
Elsie Howland—Elementary English, arithmetic, geography, history and civics.
J. Mac—Elementary English, arithmetic and geography.
Dorothy L. Reynolds—Elementary English and geography.
Margaret Rose—Elementary English.

Wauvo Pupils
Mabelle Lane—Silent reading, writing, spelling, elementary English, arithmetic and geography.
Granville Quice—Spelling.
Kenneth Van Wagner—Arithmetic.

Wittenberg Pupils
Lucille Lane—Geography.
Nelson Shultz—Spelling and elementary English.

Zena Pupils
Agnes Hung—Silent reading, writing, spelling, arithmetic and geography.
Arlen Long—Silent reading, writing, spelling, geography and arithmetic.

GRAHAMSVILLE

Grahamsville, Jan. 30—About four inches of snow fell here Friday with a little rain, making a crust to hold it level.

Regents' examinations were held in the district school the past week. Mamon Donivan shot a large wild cat on Rocky Hill recently. It takes Old Sport, the faithful hound, to bring home the game.

Lyman Hoornbeek is having his house remodeled, putting in all improvements, heat, bath and electric lights.

The Rev. Mr. Turner had the misfortune to lose his dog. Rumor is it was poisoned. Earl Sheeley's dog also picked up a dose but is recovering slowly. Someone must have a dislike for the animals.

The town removed the snow from the state road from Grahamsville to the County Line Farm Saturday. Sheldon Moore is trying out a number of electric radios to find out which suits him best.

Lincoln Whitely butchered a beef and a porker recently.

John D. Sheeley is drawing logs to Alvin Hall's saw mill.

George Dean is cutting pulp wood for Earl Sheeley.

Town Collector Elwin Moore is busy collecting taxes.

George B. Reynolds purchased a car load of cattle from Pennsylvania and has had the misfortune to lose a cow out of the herd. It died from a wire in its stomach.

Carson York is drawing wood at the Whitely Downs.

Maurice Brundage has purchased a Spartan radio.

"COMPLETELY MOTORIZED"

... thanks to the
USED CAR

"I HAVE a wife, a daughter and a son," a business man writes, "and each of us needed a car. To buy four new cars was out of the question for me, but thanks to the present-day bargains in used cars, my family has been completely motorized at surprisingly small expense."

A rather unusual family, but the idea is not new. Very many American families in all circumstances have found in the used car an economical means of enjoying the convenience of two- and three-car ownership. For a used car is *unused* transportation which may be enjoyed by the next owner at an attractive price.

Used cars are opportunities

A good automobile is built to stand years of use. It will provide many thousands of miles of transportation. But only occasionally are all its years and all its mileage used up by one owner.

The cars which General Motors dealers are taking in trade offer great opportunities to buy *unused* transportation at low cost. The convenience of the GMAC Plan of Payment is available.

GENERAL MOTORS

"A car for every purse and purpose"
CHEVROLET • PONTIAC • OLDSMOBILE • OAKLAND • BUICK • LACALLE • CADILLAC • All with Body by Fisher

I like it
- is motordom's landslide
verdict by actual ballot

1000,000 Super-Six owners
lead the overwhelming vote

In more than 5,000 Hudson-Essex showrooms all motordom is voting. "I like it"—of the Greater Hudson, and of Essex the Challenger.

Thousands are seeing and inspecting these beautiful new cars. Thousands are riding. Thousands are experiencing the performance of greater power and smoothness, the efficiency of new type double action 4-wheel brakes, the greater riding and steering ease, and the even greater economy of these cars.

And on just such ballots as shown at the left they are personally marking and depositing the mightiest verdict of favorable opinion ever authentically expressed for a motor car—And that opinion is almost unanimous.

See these cars for yourself at the nearest Hudson-Essex Salesroom—and vote your own ticket.

Seven Essex models from \$695 up at factory; fourteen Greater Hudson models from \$1095 up at factory.

Poverty Appalls Prince of Wales

Continues Visit to Coal Fields Where Unemployment Has Brought Sorrow and Suffering—Awestruck by Extreme Poverty.

Newcastle, England, Jan. 30 (AP).—The Prince of Wales was heartily cheered by a big crowd when he arrived from his hotel this morning for a visit to the Northumberland coal fields, which are reputed to contain some of the blackest spots in the country. The weather was rather more favorable than yesterday.

The Prince was deeply moved by some of the appalling conditions he saw yesterday and refused to leave the distribution depot until he was thoroughly satisfied that everything possible was being done to help the distressed people.

The Prince is expected to make another appeal to the nation to continue support of the Lord Mayor's fund for relief of distressed miners after the conclusion of his personal investigation.

Difficult to Express Sympathy.

London, Jan. 30 (AP).—Brought face to face with scenes of human sorrow and suffering such as he had never encountered before, the Prince of Wales sometimes has had difficulty in finding words to express his sympathy in his tour of the northern coal fields.

The fact that everywhere it was apparent that the sufferers had generally known better days and that the present distress was due to a loss of work greatly touched the Prince.

This was illustrated by an incident at Winkaton, where he was visiting the cottage of a miner who had been without work for three years. The Prince seemed awestruck by the bareness of the rooms and evidences of extreme poverty. "You must find it very difficult to live," he said to the miner's wife. She, describing the visit afterward, said:

"He didn't seem able to say much. He just looked around and his voice sounded broken like."

Insisted on Making Tour.

The Daily Express said today that the prince was risking his health in his tour, since he was suffering from heavy cold and confessed to a friend who aroused him in the early morning that he "felt like death."

He was advised to stay in bed, but insisted on starting on his tour although the snow was thick on the ground and the day was raw and foggy. He had a cheerful word for everybody, the paper said, "although it must have been an effort for him to muster up his own spirits."

At Pelton Lane, Robert Smith, an 84-year-old miner, was snatched from the prince on the back and said, "How are you, old man?"

The prince replied: "I'm all right; are you, my boy?" as he returned the smack.

Asks to See New Born Infant.

Learning on one street that a Mrs. Brown had just given birth to her baby, the prince said he would like to see the infant, which instantly showed his stock one hundred per cent in the women who were standing around.

The prince told the mother it was a "bonny baby."

Local Death Record

Mrs. Leo Ritz, formerly Phoebe Holsapple of Saugerties, died in a hospital at Rochester, N. Y., on Monday. She is survived by her husband and one brother, Charles Holsapple of Saugerties.

Solomon V. York died on Tuesday at High Woods in his 65th year. Funeral services from the late residence Friday afternoon at 2 o'clock in Mt. Marion. He is survived by his wife, one daughter, Mrs. Richard Shortt, and a sister, Mrs. Nathan Carl, all of High Woods, and a sister, Mrs. Ella Longendyke, of Kingston.

Lillian, wife of Allison Winne, of 22 Pearl street, died Monday, January 29. Besides her husband she is survived by her stepfather, John Waterman, a half sister, Mrs. Bertha Waterman, a half sister, Mrs. Little Andes, Delaware county, and a half brother, J. Waterman. Funeral Friday, February 1, at 2 p. m., at the funeral chapel of W. N. Conner, 302 Air street. Those desiring to view the remains may do so Thursday evening, from 7 to 9 o'clock. Interment in Willwyck Cemetery.

The funeral of Mrs. Margaret Moran was held today at 9:30 a. m. from her late home in Stony Hollow at 10 o'clock at St. John's church there, where the Rev. Peter Pellman, pastor, offered a high Mass in requiem for the repose of her soul. During the Mass the choir sang "Beautiful Land on High" and "The Lord Be Done." Interment was in the family plot in St. Mary's cemetery. Bearers were James, John and Walter Madden, James Halloran, John Doran and Daniel Leahy. There were many beautiful floral offerings.

The funeral of William Krum was held from the home of his son, George, at 611 Abel street, this morning at 9 o'clock and 9:30 at the church of the Holy Name, where a Mass of requiem was offered for the repose of his soul by the Rev. William F. Dooley. The services were attended by his many relatives and friends. The bearers were Joseph Fitzpatrick, John McManus, John Madden, John Stuart, George Wick and Edward Krum. Interment was in the family plot in Harley cemetery.

Knight B.M. Revised and Passed.

Albany, Jan. 30 (AP).—The Knight B.M. relating to the appearance of the governing at legislative hearings to the executive budget bill, was passed today after being hurriedly revised and after adoption of a gentleman's agreement by which any changes the committee (fiscal) will be clearly indicated in the bill when printed.

Society Notes

Announcement

Mr. and Mrs. Abram Rappleyea of 73 Abram street wish to announce the engagement of their daughter, Edith, to Edgar H. Lawrence of this city.

Lowell Club

The Lowell Club met on Tuesday afternoon at the home of Mrs. W. N. Fessenden and the members participated in a most interesting "World Survey of Current Events in Politics, Art and Literature." Next Tuesday the club will meet with Mrs. Baster.

Engagement Announced

Mr. and Mrs. G. Frank Van Keuren of Allaben announce the engagement of their daughter, Mabel Merry Van Keuren, to Robert Bruce Webster, Jr., son of R. B. Webster, of New Haven, Conn. The marriage will be at her home in Allaben on Saturday, February 9, at 6 o'clock.

A Golden Wedding

Woodstock, Jan. 30.—Mr. and Mrs. Chauncey DeVall, parents of Mrs. Norrin K. Lusher of Market street, Saugerties, celebrated their golden wedding anniversary on Saturday afternoon, January 26, at their home. Among the 20 guests present was Mrs. Joseph Verrill of Kingston. A sumptuous dinner was served at "Tip Toe Inn", after which Mr. and Mrs. DeVall received hearty congratulations for many more prosperous years of happy married life. Many beautiful gifts were given the happy couple.

Circle No. 2 of the First Presbyterian Church

will meet at the home of Mrs. W. G. DuBois, 70 Van Buren street, Thursday afternoon, February 1, at 3 o'clock. Miss Anna Searle will be the leader.

The Women's Missionary Society of the Fair Street Reformed Church will meet in the lecture room of the church on Friday afternoon, February 1, at 3 o'clock. Miss Anna Searle will be the leader.

Monday the city ambulance removed Elizabeth Rindel from 20 Ora Place to the Kingston Hospital.

Miss Margaret Herbert of Manor avenue and Mrs. James Purcell of Manor avenue extension left Saturday for an extended West Indies cruise.

The Ladies' Aid Society of the Fair Street Reformed Church will hold a food sale February 16 at the Rose and Gorman store. The sale will be held from 2 to 5 o'clock.

Mohicans Beat Saugerties

The Mohican Market bowling team motored to Saugerties village on Tuesday evening where in a series of games on the Community House alleys they defeated the Saugerties Bowling Club team by over 200 pins. Captain Joseph Huber, of the Mohican team, whose home is in Saugerties, feels very exultant over the trouncing his men gave his fellow townsmen.

West Shore Gate Tender Killed

Amsterdam, N. Y., Jan. 30 (AP).—Frank J. Quinn, 65, was struck and killed today by a westbound locomotive, running light, at the Bridge street grade crossing of the West Shore Railroad, where he was employed as a gate tender. He had been employed by the New York Central Railroad for 40 years and was to have been retired on pension on May 1 next.

Twins Again

Burlington, Wis., Jan. 30 (AP).—Will Lehr, who has two brothers who are twins, and Mrs. Lehr, who herself is a twin, having a twin brother, are the parents of twin sons, born yesterday. Mr. Lehr's mother also is a twin.

"Thoroughbred"

The requirements of an American thoroughbred horse are that the pedigree contain five uncontaminated crosses, but the average pedigree traces through 16 to 18 crosses, some having as many as 25.

The funeral of Mrs. Margaret Moran was held today at 9:30 a. m. from her late home in Stony Hollow at 10 o'clock at St. John's church there, where the Rev. Peter Pellman, pastor, offered a high Mass in requiem for the repose of her soul. During the Mass the choir sang "Beautiful Land on High" and "The Lord Be Done." Interment was in the family plot in St. Mary's cemetery. Bearers were James, John and Walter Madden, James Halloran, John Doran and Daniel Leahy. There were many beautiful floral offerings.

The funeral of William Krum was held from the home of his son, George, at 611 Abel street, this morning at 9 o'clock and 9:30 at the church of the Holy Name, where a Mass of requiem was offered for the repose of his soul by the Rev. William F. Dooley. The services were attended by his many relatives and friends. The bearers were Joseph Fitzpatrick, John McManus, John Madden, John Stuart, George Wick and Edward Krum. BE MY TO VISITORS—BE CAREFUL HOW YOU REFER TO THE CHEERFUL GAME!

ALLIGERVILLE.
Alligerville, Jan. 30.—The Knights of Pythias held their annual banquet and installation exercises at their hall Tuesday night. The following officers were installed: Grand Chancellor Fred Spinnerebber of Port Ewen; Chancellor Commander, Frank Stevens; Vice Chancellor Commander, L. W. Atkins; Prelate, Floyd DeGraw; Master of Work, William and Seals, William Roosa; Master of Chaperon, Oliver Davis; Master at Arms, Eli V. Evans. There were five delegations present from Port Ewen, New Paltz and Kerhonkson. Stanley Christiansa and Virginia Smith have passed their regents' examinations and left this school. Stanley has entered the Kerhonkson High School. There will be no church services Sunday afternoon, February 3. Mr. Leiden of the New Brunswick Seminary filled the pulpit last Sunday.

The Ladies' Aid will meet with Miss Etie Moon at Dreamland Farm Wednesday afternoon, February 6. Mrs. Abram Cross has been, sick but is reported improved. Men are busy filling the Kyserike Creamery ice house and other individual ice houses in this vicinity. Weather conditions are fine at this date. The K. of P. Hall will open Saturday night as usual for the dance. A good time is expected.

EXPECT VOTE MONDAY ON CRUISER CONSTRUCTION BILL.
Washington, Jan. 30 (AP).—Agreeing to apply the brakes on debate of the long pending cruiser construction bill next Monday, the Senate has assured a vote on this measure and apparently cleared the way for disentanglement of its legislative calendar before March 4 adjournment. The agreement unanimously entered into late yesterday leads Senator Curtis of Kansas, the Republican leader, who negotiated the understanding, to believe a final vote can be taken Monday night.

A Tobogganing Party.
St. Mary's Children of Mary Sodality will hold a tobogganing party at Golden Rule Inn slide tonight. Members will meet at the corner of McEntee street and Broadway at 7:15 o'clock, from whence busses will leave for the inn.

ing 40 boxes of McCoy's
Tablets or 2 One Dollar boxes any
thin, underweight man or woman
doesn't gain at least 5 pounds and
feel completely satisfied with the

About Town In New York

Woodstock Artists in Two Shows This
Week—Local Scenes Offer Interest
—A Few Offense Nudes.

(By F. C. Clogh)
This week there is a large exhibi-
tion and auction sale of pictures at
the Salmagundi Club, 47 Fifth ave-
nue, New York city, where I note a
number of paintings by Woodstock
artists.

This show is an interesting one in
that it is an annual event; this year
there are one hundred and seventy-
two canvases, all small, representing
as many artists, and offering a wide
variety of subjects. The exhibit
opened January 18 and closes the end
of the month with an auction sale on
the last three nights, January 29, 30,
31, when ladies are admitted.

There are a great many pictures in-
cluded that should offer any visitor
something peculiarly suited to his or
her tastes for home decoration. While
the total show is academic, some-
what conservative, the pictures are
attractive—many of them are painted
in modern colors with contemporary
technique.

The Woodstockers included are
John Banks, Harry Leith-Ross,
Emile Gruppe, Walter Koeniger, Ivan
Summers and John W. Bentley. A
few erstwhile Woodstockers are John
F. Folsabee, Gerald Leake and
Charles Vein.

John Banks has an autumn scene;
Harry Leith-Ross shows an excellent
painting titled "Vosburgh's Mill,"
which was done at Shady of the present
Vosburgh-Stone wood-turning
mill; "Stream in the Catskills," is
the title of Bentley's picture; Sum-
mers has a "Seaside Pastoral,"
Koeniger, who recently had a Wood-
stock landscape on the "Literary
Digest," cover, shows a "Winter Af-
ternoon." Emile Gruppe appears with
one of his characteristic "Nymph"
paintings; Gerald Leake's contribu-
tion bears the title of "Morning,"
while Charles Vein resorts to a
sentimental past with "In the
Forties"—Vein is distinguished at
the Salmagundi Club as the donor of
annual prizes, and the prize winning
paintings hang in the hallway of this
august club's building.

As for the auction sale, I shall re-
port later about the disposition,
especially of the afore-mentioned
paintings.

More Modern Show
Quite in contrast with the Salmagundi's showing, and only a few
blocks away, on Eighth street at the
Whitney Studio Galleries, there has
just opened a showing of paintings by
Harry Gottlieb, Emil Ganso and Paul
Rohland, sculpture by J. B. Flannagan
and monotypes by Blenden Camp-
bell.

To me Gottlieb and Flannagan
stand out for their work among this
group. Gottlieb is one of the Mav-
ericks who has been working diligent-
ly for several years past, and who has
been exhibiting excellent work the
past year and a half.

Of the Gottlieb paintings there is
one of "Rondout Creek," a large
canvas showing a vista view of the
West Shore bridge with a train
chugging across the high trestle; a
few boats lie below just as we have
all seen them from various places in
south Kingston. A picture, "Farm in
Winter," shows the hard, cold, severe
winter in Ulster county from the
viewpoint of the rural resident; a
realistic piece indeed. This artist's
best piece of work in the present
showing to me seems to be the
"Barge on the Canal," a modern
painting with an unusual restraint in
coloring; in this picture the water re-
flections grip one with suddenness of
reality; the forms are contemporary;
the colors dull red, yellow and
browns, the technique free, the whole
effect immensely alive and one gives
a secret shout of "Bravo!" upon see-
ing this Gottlieb painting, done last
year. The artist's progress can be seen
in the contrast of the picture done
five years earlier of "Winter in the
Maverick," a painting of trees and
cabins on a hill covered with trees
and snow, which, though pleasing be-
cause of its definite mood, lacks the
fire and vigor and strength of a can-
vas like the canal barge just
described.

An Ambitious Sculptor
J. B. Flannagan is the man who
carved the large horse from a dead
tree stump and presented it to the
Maverick, where it stands today, a
piece of work which my Woodstock
Bulletin termed the finest work in
such medium ever done at the Wood-
stock colony.

After viewing Flannagan's work at
the Whitney Gallery this week, I
must continue to praise the man's
ambition and talent. He has worked
in a difficult medium, stone. Yet he
has achieved a grand effect in many
of his 15 pieces displayed. "Dark
Child," ostensibly a pre-natal figure,
presents somewhat of the mystery of
all life, as if the artist had caught
the secret meaning of existence for
mortals. One piece in wood is "Lady,"
a head with dignity, form, original-
ity—a piece of classic dimensions.
This sculptor has a certain freedom
about his creations; he may be a bit
wild, but art that isn't partially pagan
isn't art anyway; we get tired of
formulas, repetitions; Flannagan
should rate a first place in any show.

Of the other artists represented
here, Paul Rohland is well known in
the Catskill Mountain colony. He has
several South American pictures, a
number of still-lives. A canvas,
"Mountains," in browns and greens,
has a harmonious mood, a frank man-
ner, is pleasing. There is a touch of
exoticism in the "Old Square," a pic-
ture in a heavy, dull tone. "Poppies"
is the work of a trained and skilled
artist; we hope to see more original
subjects by this artist soon.

Emil Ganso, whose pictures in-
truded at the Woodstock Art Associa-
tion's gallery last season, is showing
a room of his famous nudes—famous
only because they are offensive to the
aesthetic sense, and because they fol-
low closely in the path of J. Pascin's
equally frank and out-spoken figures.
He also shows a "Farm Near King-
ston," and a "Road to Wittenberg,"
but as I write from my room, I can-
not remember what these landscapes
looked like, so I opine the are anti-

gressive. Two of the nudes were
loaned by Francis Crossmole, a
man whose interest must certainly be
materialistic, rather than aesthetic—
an interest which cannot interest me
so much for Ganso, whose work lacks
any semblance of charm or genuine
artistry of conception.
As an exhibition, the present show-
ing at the Whitney Studio offers
something quite alive, quite an ad-
vance from the safe, easy, conven-
tional pictures at the Salmagundi
Club's show mentioned at the outset.
Yet again, both shows are representa-
tive of contemporary artists of today
in America, and should merit the
serious attention of all lovers of art.

COTTRELL

Cottrell, Jan. 30.—The Ladies
Aid will hold its regular monthly
business meeting Thursday, February
7, at the home of Mrs. Everett Bar-
ringer. Each lady is requested to
bring scissors, needles and thread.
All who accepted dime cards are
asked to return them at the meeting.
Kenneth Signor, who was ill for
several days, has returned to school.
Donald Barley and Kenneth Rosa
are ill at their homes but are improv-
ing.

Walter Pine has been spending sev-
eral days with his parents.
Mrs. Mary Beach is spending some
time with her son, Oscar Beach.
Robert Stall passed through this
village Friday.
Mrs. John C. Connor spent the
week end with Mr. Connor's parents.
Miss Grace Davis spent several
days the past week with friends of
Kingston.

It is reported that Burt Rosa will
take possession of his new home at
Rosendale in February. All are sorry
to have the Rosa family leave Cotte-
kill.

All Franklin ever flew was a kite,
but he is just as well known as
Lindbergh.

AVOID UGLY PIMPLES

A pimply face will not embarrass you
much longer if you get a package of
Dr. Edwards' Olive Tablets. The skin
should begin to clear after you have
taken the tablets a few nights.

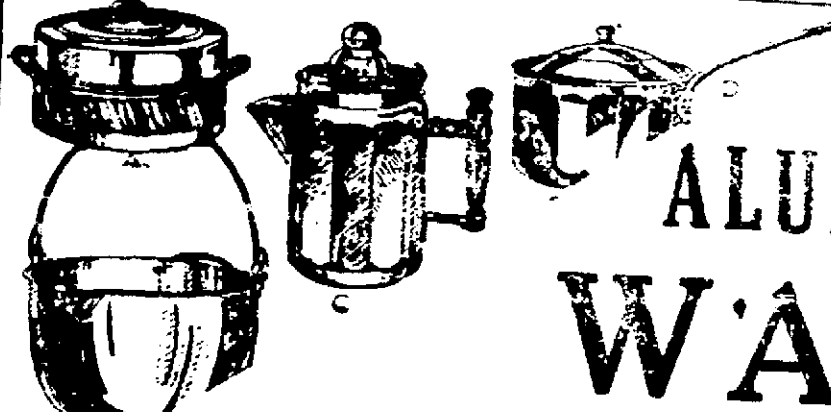

Cleanse the blood, bowels and liver
with Dr. Edwards' Olive Tablets, the
successful substitute for calomel; there's
no sickness or pain after taking them.

Dr. Edwards' Olive Tablets do that
which calomel does, and just as effec-
tively, but their action is gentle and
safe instead of severe and irritating.

No one who takes Olive Tablets is
ever cursed with a "dark brown taste,"
a bad breath, a dull, listless, "no good"
feeling, constipation, torpid liver, bad
disposition or pimply face.
Olive Tablets are a purely vegetable
compound mixed with olive oil; know
them by their olive color.
Dr. Edwards spent years among pa-
tients afflicted with liver and bowel
complaints and Olive Tablets are the
immensely effective result. Take nightly
for a week. See how much better you
feel and look. 15c, 30c, 60c.

Added Special For Thursday—Our MONTH-END SALE

Due to a tremendous quantity order for the entire chain of our stores bringing down the manufac-
turing cost and taking a very small profit for ourselves, to keep things moving in January. With
this lot we have combined our stock on hand at an unheard of low price. Better see them.
And, better yet—buy them by the half dozen.

Don't blame the carpenter

IF YOUR windows stick beyond
the power of human exertion
to raise them; if your doors spread
or rattle; your floorings sag or the
woodwork warps—don't blame
the builder—he simply hasn't been supplied
with proper quality, seasoned timber. But it
does not need to happen again because we can
supply you with lumber for all purposes that is
enduringly weather and wear-proof.

Free-for-all

IF YOU'VE never seen seven giants in a boxing ring,
each battling for supremacy, you've missed a gory
sight.

Twenty-five dollars to the last man standing. That's
the prize for which six of the seven will be half-killed.
It's a free-for-all and the best man's bound to win.

Advertising is something like that. . . . with its
boxing ring inside of the mind. . . . and with hun-
dreds of adversaries to contend with.

A display that is attractive, compelling, interesting and
arresting will be retained in that ring. . . . it will be
the last man standing. . . . it will win the prize in
being productive.

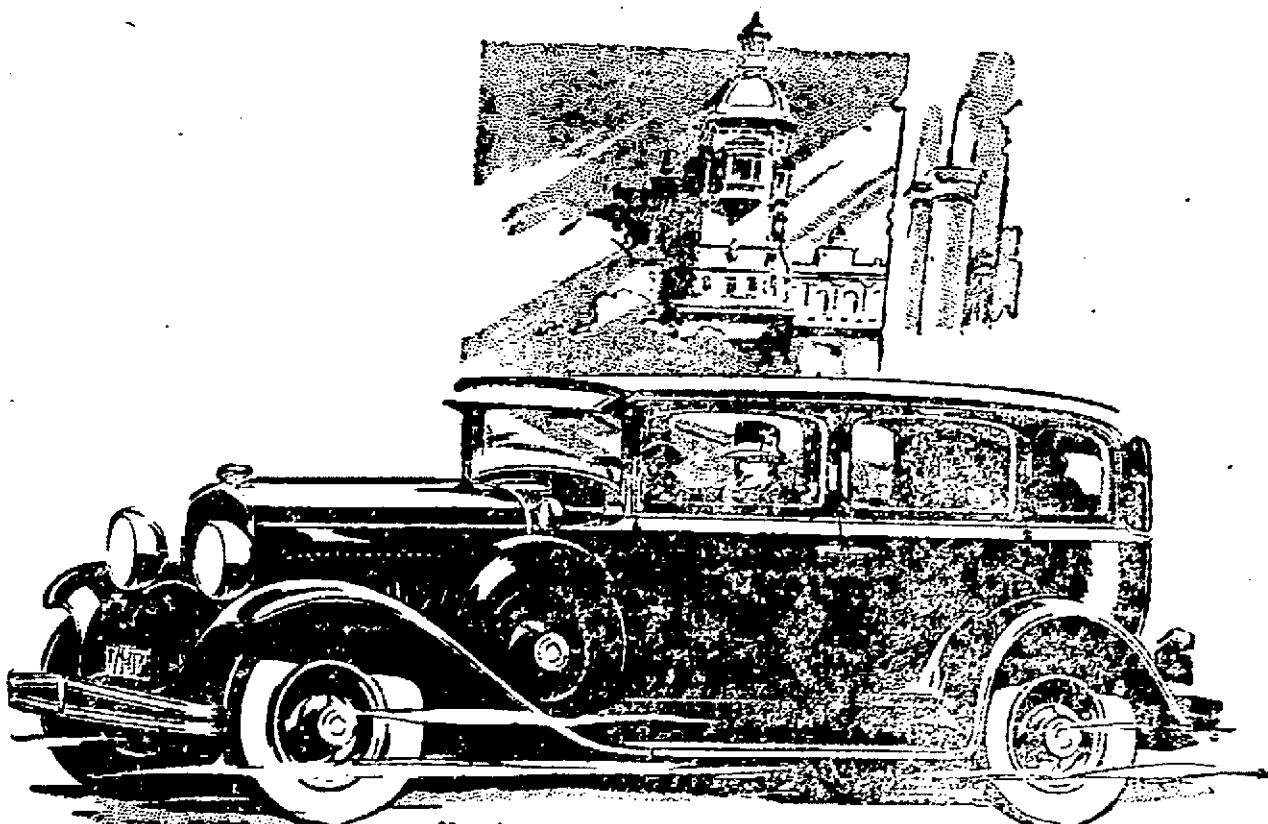

That's why our service bureau has been organized:
To give advertisers of The Freeman an advantage in
the free-for-all. The department is composed of lay-
out and copy experts with illustrative art work at their
command. It will prepare an individualized campaign
for you without charge.

Our representatives will be pleased to confer
with you and explain in further detail the
advantages of dominating copy and layouts.

A CHRYSLER MOTORS PRODUCT

New Chrysler "75" Royal Sedan, \$1535. Wire wheels extra.

in Speed, Dash, Stamina. the public knows

CHRYSLER

ranks with cars costing hundreds of dollars more

All Chrysler engines are provided with counter-
weighted 7-bearing crankshafts. An expensive
feature, but one that provides an almost incred-
ible engine smoothness and remarkable long life.

CHRYSLER popularity is due not
only to the public acceptance of
Chrysler originality in style and
beauty, but to the acclaim of the
freshness of Chrysler engineering and
performance.

Chrysler engineers bring to the task
of developing their new cars the same
originality and the same enterprise

which characterize their achievements
in style and beauty.

Chrysler engineers, from the beginning,
have applied what is best in the exist-
ing art and practice of the industry,
but have not been content to accept
even such features without subjecting
them to their own improving touch.

In addition, they have devised and
developed so many entirely new fea-
tures that Chrysler cars are in no sense
like anything else that runs.

That is why the speed, the dash, the
stamina you find in Chrysler can
scarcely be equaled, much less sur-
passed, in cars costing even as much
as a thousand dollars more.

New Chrysler "75"—Nine body styles priced from
\$1535 to \$2345. New Chrysler "65"—Six body
styles priced from \$1040 to \$1345. Wire wheels
extra. All prices f. o. b. factory.

Accidents Caused by Fire

Cornell pumper in charge of Capt.
Albrecht, driven by Fireman Barber,
answering an alarm of fire from Box
44 November 25, 7:51 p. m., met with
accident at intersection of Broad-
way and East Union street. Pump that
was crossing Broadway when a Buick
roadster driven by Raymond Post
came up Broadway and hit pumper,
causing pumper to run over curb into
building owned by Julius Stone
Pumper and Buick were badly dam-

22-4. Otto Smith and George Bow-
ers, volunteer firemen who were rid-
ing on the apparatus, were slightly
bruised.

November 19—Mrs. Leo Smith, 55
Franklin street, received severe burns
about hands and shoulders caused by
ignition of inflammable stove polish.

1 June 5—John Sasse, 54 East Pier-
point street, hands burned trying to
extinguish fire in woodshed.

1 June 18—Curt Shorter, 49 Gage
street, hand burned by burning
grease.

1 October 18—Mrs. John Shields, 42
Lavan street, hands burned, dry
cleaning with gasoline; gasoline ig-
nited.

1 Personnel of Fire Department

Harry D. Walker, president, Board
of Fire Commissioners.

1 Louis Kaplan, fire commissioner.

1 Clifford S. Vanburgh, fire commis-
sioner.

1 R. L. Whitbeck, clerk to Board of
Fire Commission.

1 Joseph L. Murphy, chief.

1 Frederick M. Leverich, deputy
chief.

1 Marshall G. Miller, superintendent
fire alarm.

HEADQUARTERS

Pumper

Firemen—Wright Maines, C. V.

Brown, Irving Egan, Edward J.

Noble, and Peter A. Carey.

Truck

Firemen—John L. Strubel, Fred

LaTour, Edward M. Gillen, Harold

Sanford, Joseph M. Hallinan, and

John J. Hoffman, fireman, assigned to
fire alarm work.

Cornell Station

Captain—Edward Albrecht. Fire-

men—Clarence Barber, William J.

Geary, and Richard Smith.

Wiltwyck Station

Captain—James L. Conlin. Fire-

men—Harry Richter, William McEl-

raeth, Ferrell F. Finkle, John Hop-

pner, and George D. Matthews.

Recommendations

The duties of the Fire Department

are increasing yearly. It is impos-

sible to fulfill these duties, such as
theatre and dance hall detail and
building inspection and keep each
piece of apparatus manned with two
men. Therefore, such conditions
make it necessary that I recommend
six additional men for the Fire De-

partment.

That hose tower be converted into
a drill tower so men can get the prop-

er training in the use of ladders, hose
and all fire fighting equipment.

To have an instructor in fire de-

partment evolutions come to Kingston
and give a course in fire department
evolutions, or to send one or two fire-

men to a fire college for the course,
on his return he to act as drill mas-

ter.

Oil storage and its use is increas-

ing in our city, which increases the
fire hazard. Some of our plants are

equipped with oil fire extinguishing
equipment, others are not so
equipped. The Fire Department is

not equipped with apparatus to fight
or control oil fires; should a fire oc-

cur we would have to stand by as
water would be of little value, except
keeping surrounding tanks and prop-

erty cool.

I would recommend the purchase
of a foam generator with an adequate
supply of powder for use on oil fires.

In the purchase of such generator it

must be remembered that one gen-

erator would not be of sufficient
capacity to extinguish one of the
large storage tanks, but would act as

an auxiliary in extinguishing small
oil fires caused by scattering oil from
the large tank.

There are newly built-up residen-

tial sections in our city that are not
receiving proper fire protection re-

garding the location of fire alarm
boxes, namely, Albany avenue, Rose-

velt Park and Main street extension.
I recommend the placing of boxes in
these localities.

Recommendation

The purchase of 750 or 1,000 gal-

lon pumper.

The apparatus in service at Rapid
and Union Hose houses is about worn
out—recommend the replacement of
these pieces as soon as finances will
permit.

Cornell Station be altered, repaired
and painted.

Interior of Central Station be
painted.

Roofs on all houses be painted and
repairs made when necessary.

Bell tower at Cordis Hose house is
in a dangerous condition and should
be repaired without delay.

Purchase of 1,000 feet of fire hose.

Answering Out of City Calls

The problem of answering calls for
fire outside of city should be given
due consideration by your Honorable
Board. There never has been and
never should be any hesitancy in an-

swering a call for aid from any town,
village or city. I would recommend
the answering of these calls with
what apparatus we can spare as
quickly as if the fire was in our own
city. Kingston may be compelled to
call on her neighbor for assistance
some day. The problem does not lay
in the neighboring village or town
calls, but in the individual calls from
persons living in these towns asking
aid in extinguishing a fire in their
home or protecting it from adjacent
buildings which are burning.

Just over our city line there are
thickly built-up residential sections.
We have received calls from this sec-

tion and possibly will receive more.
It would be inhuman to stand by and
see a neighbor's property destroyed
by fire, but the taxpayers of King-
ston must be protected against any
damage or injury to men or prop-

erty. There is a state law which
holds the city, village or town re-
sponsible for any injuries or deaths
caused by such injuries to firemen on
way to fire, working at or returning
from fire. It is questionable if the
village or town would be responsible
for persons calling without authoriza-

tion from village or town officials.

I would, therefore, recommend
that the Board of Fire Commissioners
take the matter up with the neigh-
boring towns and have an agreement
44 November 25, 7:51 p. m., met with
accident at intersection of Broad-
way and East Union street. Pump that
was crossing Broadway when a Buick
roadster driven by Raymond Post
came up Broadway and hit pumper,
causing pumper to run over curb into

Report on Fire Alarm System

Marshall G. Miller, Superintendent of
the Fire Alarm System, Submits
Annual Report With Recommendations
for Improving System

Marshall G. Miller, superintendent
of the street fire alarm system of the
fire department, in his annual report
of the work done during the past year
makes several recommendations and
also outlines the system that should
be installed that would make all first
alarms of fire bell-less—in other
words, that the alarm would only
sound in the fire houses, and that the
fire bells would only ring when a
second alarm was turned in.

The report in full follows:

Street Fire Alarm Boxes

The street boxes have been tested
and inspected from time to time
during the year and all of the boxes
pulled for fire calls as well as those
that were pulled for false alarms
have registered their numbers cor-
rectly at headquarters and at the
seven fire stations. They are all
timed correctly and clean both inside
and out.

Boxes were pulled as follows dur-
ing the year 1928:

January—16, 42, 15, 29, 83.

February—19, 45, 24.

March—46, 215.

April—42, 35, 28.

May—24.

June—116, 72, 43, 44, False; 33.

July—27, 19, 115, 82, 94, 224, 42, 15.

August—49, 64, 233 (during Firemen's
Convention).

September—34, 71, 91, 215, 94, 114, 45.

October—94, 116, 61.

November—19, 35, 44, 73.

December—42, 66, 75, 39, 71, 73.

January—71, 45, 61, 51, 19, 44.

February—19, 35, 23, 73, 15, 44.

Aerial Line Wire

Repairs to Each Circuit

Circuit No. 1—All underground
circuit no repairs during the past
year.

Circuit No. 2—On Prospect street
where some trees were cut down the
wires were moved to clear the trees,
and five new sections on new arms
were run in. On Washington avenue
where a pole was moved to clear a
new driveway the line and arms were
rearranged. On St. James street
where a new pole was set the line
was rearranged for better clearance
in trees. The trees on Wall street
were trimmed out for two blocks to
clear the line wires.

Circuit No. 4—Ten sections of new
line wire and four new two-spool
racks were put up on Prince street
for the extension of the circuit. On
Tremper avenue from Albany avenue
to Down street the two line wires
were run in new on new arms and
all the trees trimmed out.

Circuit No. 5—On Clinton avenue
from Box 54 to Wiltwyck street four
double sections of new wire were run
in on new four-pin cross arms and
the trees trimmed out. On East
Chester street nine double sections of
wire were transferred to spool racks
on the side of the poles, also a four-
pin arm put up to clear electric wires.

Circuit No. 6—Rearranged the
dead ends at Box 18 to clear some
new electric light wires.

Circuit No. 7—Put up one new six-
pin arm at corner of Chester street
and Jarriss street where some changes
were made by the electric company.

On Brewster street where new poles
were set four new sections of line
wire on pins were run in. On Lavan
street where new poles were set
nine new sections of wire were run in
and two six-pin arms and four four-
pin arms were put up, also Box 29
was rewired in pipe up to the
line wire and reset on the pole.

The cable terminal box has been
reset and painted at this loca-
tion and a new Vac-M arrester put
in with pipe running up the pole to
the line wire taps. On Greenkill ave-
nue six new six-pin arms were put
up to replace some old four-pin arms
that were rotted and the wires were
all pulled up and retied. On Wilbur
avenue thirteen new poles were set
by the electric company and the line
wires were transferred over and
slack pulled.

Recording and Indicating Instruments

All of these instruments have been
kept wound and with only one excep-
tion has any of them failed to record
the box signals correctly. The indica-
tor at Wiltwyck station on Fair street
showed a slow and out of time con-
dition when the test blows were put
in at noon and night and after being
readjusted has given good service.

Tower Bell Strikers

All of the seven bell strikers
throughout the city have been kept
wound and oiled and with the excep-
tion of adjustments to the Union hose
bell striker and Mill street striker,
have worked properly all year. The
Union Hose bell striker was out of
adjustment and after being readjust-
ed has worked O. K. The bell striker
at Mill street tower is an old Star

ment which it now maintains.

Superintendent of fire alarm, M. G.
Miller, is efficient in his work and has
maintained the Fire Alarm System in
first-class working order.

I wish to express my appreciation
to officers and members of the Volun-
teer Department for their cooperation
during the year, rendering valuable
service at fires and support in making
the convention held in our city in
June a great success.

In conclusion I wish to express my
sincere appreciation to the several
city departments for their kind co-
operation. To the citizens who so
kindly remembered the Fire Depart-
ment during the holiday season.

To Mayor E. J. Dempsey and the
members of Board of Fire Commis-
sioners for their courtesy and co-
operation to me during the past year.

Respectfully submitted,
JOS. L. MURPHY,
Fire Chief.

Dated, Kingston, N. Y., December
31, 1928.

Electric Company strike and is in
very poor condition; as the parts have
been broken or worn out it was neces-
sary to make new parts by hand
which were not perfect and it is hard
to keep the bell in ringing condition.

The bells have been wound as fol-
lows:

Cordis Hose Company on Del-
aware avenue wound 25 times in
1928.

Union Hose Company on East
Union street wound 25 times in 1928.

Mill street on Mill street wound 16
times in 1928.

Wilbur Hose Company in Wilbur
wound 25 times in 1928.

Excelsior Hose Company on Hurley
avenue wound 26 times in 1928.

Wiltwyck Station on Fair street
wound 26 times in 1928.

Interruptions to the System by
Trouble

Circuit No. 2—Cracked battery
plate.

Circuit No. 6—Cracked battery
plate.

Circuit No. 5—Fuse blown by
lightning.

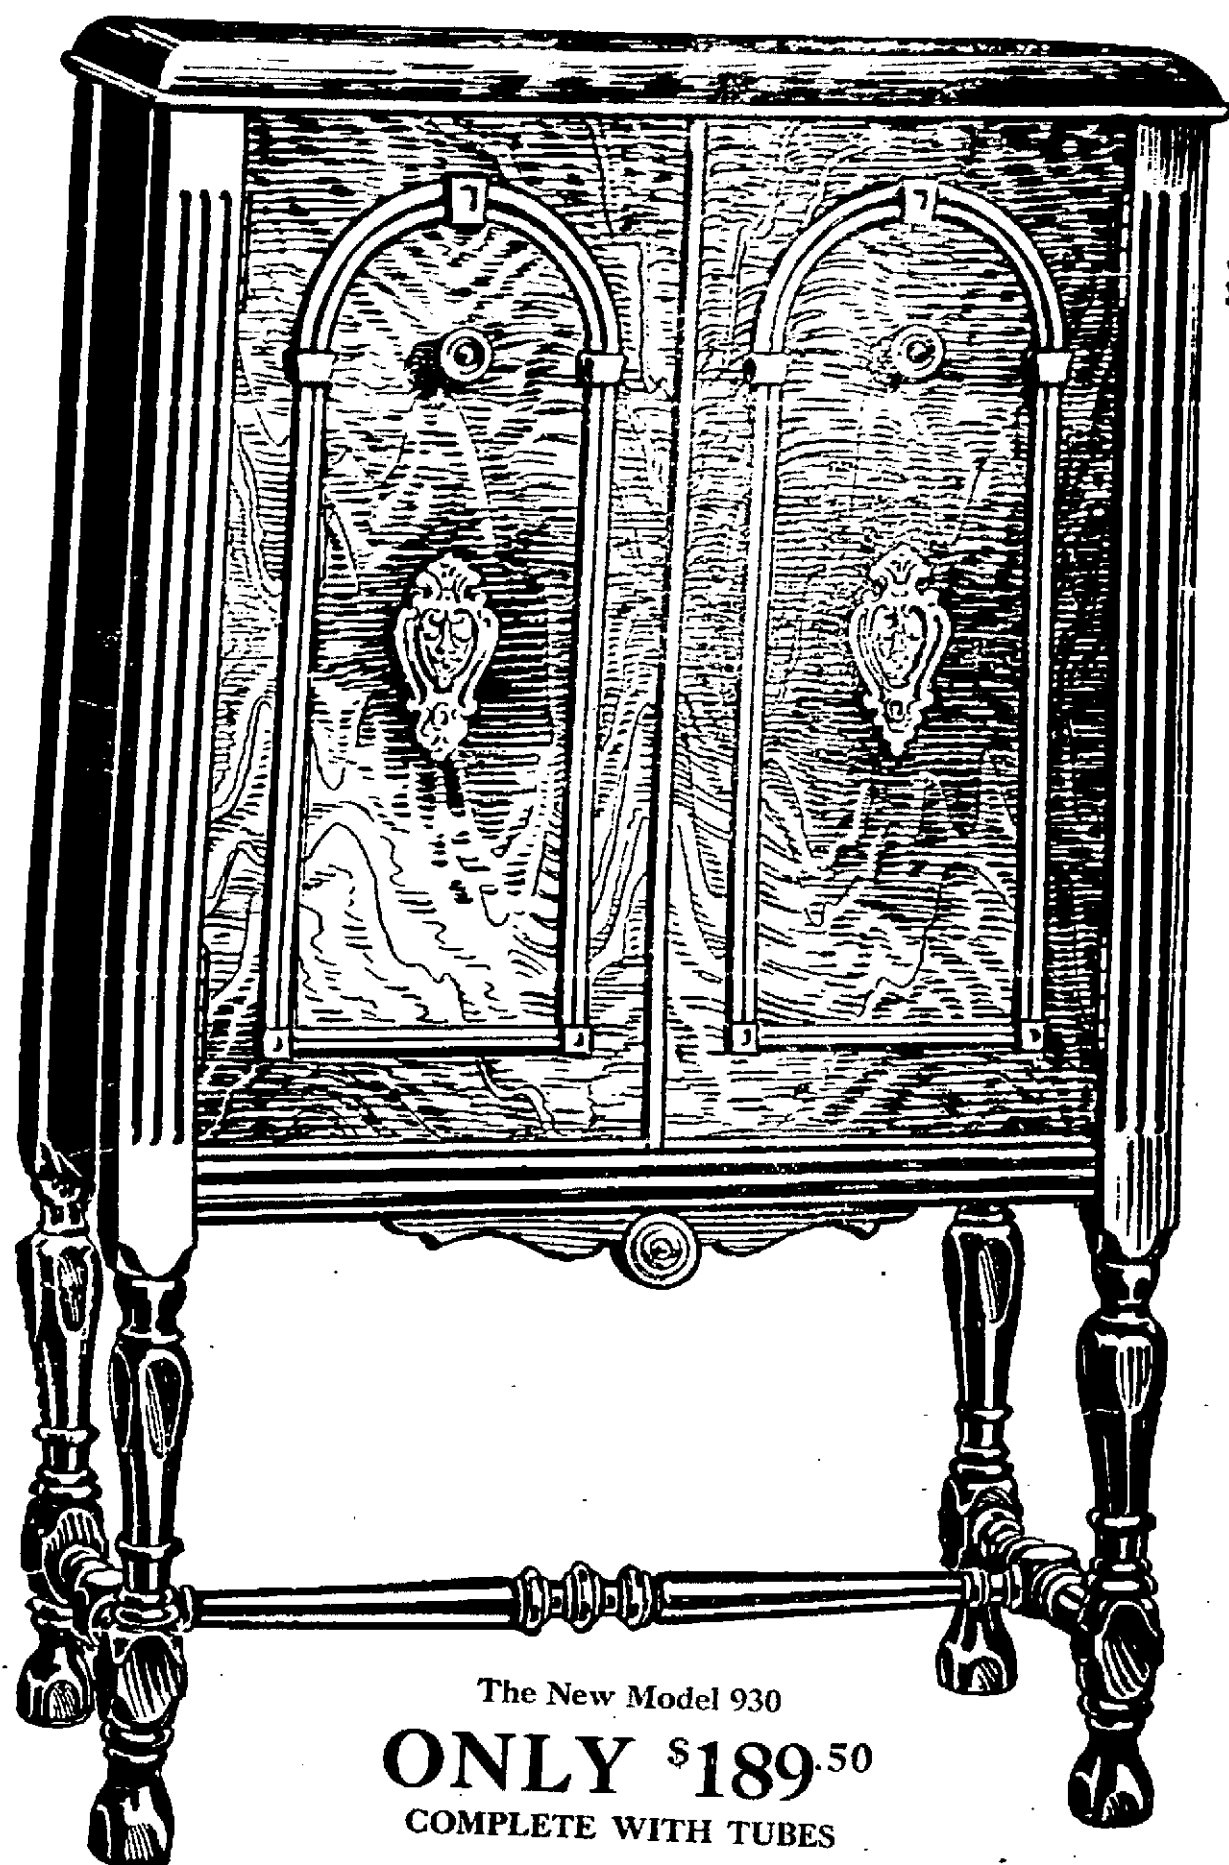

Circuit No. 6—Fuse blown out
by lightning.

Circuit No. 4—Bad fuse; corrosion.

Repairs to Stewart Fire Alarm Truck

1 new head tank; 1 new fire
stone tire and tube. The new truck is
giving good service and is in good
condition.</

Another Sparton Triumph

The New Model 930
ONLY \$189.50
COMPLETE WITH TUBES

—bringing Sparton's revolutionary new **EQUASONNE** circuit within reach of millions

A **MAGNIFICENT** new Sparton console... with the revolutionary Sparton **EQUASONNE** circuit that has been the year's outstanding development in radio.

"Radio's Richest Voice" is now brought within reach of millions in this superb instrument at a price that is made possible only by Sparton's enormously increased manufacturing facilities.

Glorious tone quality... you who have thrilled to the magnificent fullness and smoothness of other Sparton models will find in the new Model 930 the same captivating richness. The finest velvety notes will tell you that it is a true Sparton **EQUASONNE**... worthy of its distinguished name.

All other attributes of the Sparton **EQUASONNE** are found, too, in this

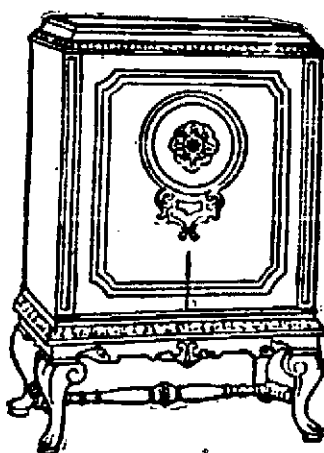

new instrument in full measure. Complete mastery of the lower end of the dial; uncanny accuracy of selection; absence of AC hum and amazing reduction of static and interference.

We believe this new Sparton to be the outstanding value in radio today. We believe it to be equalled in tonal splendor only by other Sparton models.

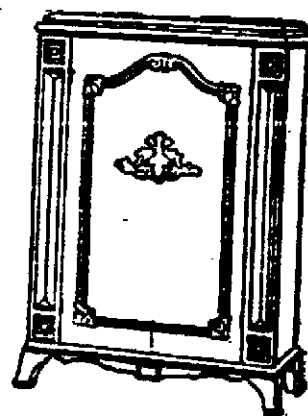

We urge you to hear it at the store of your nearest Sparton dealer. Select your favorite program... compare its matchless reception with the best you have previously heard in radio. Compare it, too, with other Sparton models to convince yourself that it is a real Sparton, in all that the name implies.

And remember... in judging this superb instrument... that its amazingly low price includes tubes. There are no extras.

Manufactured by **THE SPARKS-WITHINGTON COMPANY, (Est. 1900)**
JACKSON, MICHIGAN, U. S. A.

Scrutinize Tale Of Suicide Pact

Harrisburg, Pa., Jan. 30 (AP).—A perform salesman's story of his survival of a suicide pact in which a woman was drowned was under scrutiny today.

Following ice and low temperatures hampered efforts to retrieve the body of Miss Verna Klink, 39, from the Susquehanna river. The police contemplated making a formal charge of murder against Harry Bowman, 39.

Bowman said that by agreement he and Miss Klink had jumped into the river; that the woman was drowned, but that the icy water had brought him to his senses and he had climbed to safety.

The salesman was arrested with Miss Ethel Miller, 30. She was accused of carrying concealed weapons. He admitted having obtained \$1,925 from Miss Klink, part of the \$1,700 for which Mrs. Alma Eschman, mother of Miss Klink, mortgaged her home to finance her daughter in a candy business.

Bowman, who is married, claimed Miss Klink gave him the \$1,925. Police said they believed he robbed her. When arrested with Bowman, Miss Miller had \$300 in the lining of her coat and authorities declared that jewelry purchased for her by Bowman accounted for an additional \$150. Bowman had \$450 in his possession when arrested.

The relations of Bowman and Miss Klink puzzled the police. Bowman maintained that he was assisting her in the purchase of the store. He declared that Miss Klink's despondency over the failure to complete the purchase of the business was the reason for her suicide.

Feel Weak? NERVOUS OR TIRED?

You need that Mysterious Substance which Medical Science has discovered in Liver. Liver Extracts are producing such marvelous results that Doctors are astonished, and the Medical Journals report remarkable cures and results.

OFFICE CAT
The Cat in the Hat
By Junius

Opposition is proof that you are on the right track.

It was just a wayside shanty depot along a western railroad. A troupe of wandering actors set their baggage down on the little platform to await until train time.

The villain of the outfit, having nothing else to do, strode over to where the rubber station agent stood leaning against an upright.

"I say, stranger," he began, "do express trains ever stop here?"

"Wa-al," was the reply, "they did once for Jesse James."

Teacher—"Did your father help you with this problem?"

Pupil—"Nope! I got it wrong myself."

Cold Game.
"How can I make anti-freeze?"
"Hide her woolen pajamas."

You can't live well unless you have a well liver.

A Kingston golfer says he always wears rayon silk socks when playing, so he will be able to make a hole in one.

"Do you think your son will make a good business man?"
"I dunno. He's a rotten golfer."

To the Letter.
"He threw his slippers at me and told me to go to the devil," sobbed the unhappy daughter.
"You did right by coming home to me," answered the mother.

Who remembers when country school teachers were paid \$30 to \$50 a month and "boarded around" a week at a time at the home of each pupil?

A competent employee can't be held down, or an incompetent one held up.

The devil takes a lively interest in human affairs, and what makes matters worse is that humans take such a lively interest in devilish affairs.

Heaven to a small boy is a place where he will be able to get enough to eat and make enough noise.

Sour Grapes?
Lives of great men all remind us. We can be as great as they: And departing leave behind us, Books on how they got that way!

The new "stenos" looked like a million dollars. "Class" was written all over her. The office force in accord acclaimed her "Some Dame." Then she opened her velvet lips and said to the office boy: "Say, Bozo, ain't there no carbon paper around this dump?"

Now that a French scientist has discovered that there is alcohol in the air, deep breathing will no doubt become more popular.

(Copyright, Office Cat Syndicate, Washington, D. C., and Greensboro, N. C.)

The life of a California girl was saved by a timely report of hot dogs. Quite often this has happened to us on the highway.

Another of the compensations of radio is that it helps fill in the time while sitting up for a midnight eclipse of the moon.

FLU SUFFERERS
Low their hair in preparation for the onset of the fever prevalent during this season. The regular use of Harper Method Tonic and Oil—containing cod liver oil and cod liver oil—will not only stop the hair falling, but will also keep the hair soft and brilliant, and the hair, but hasten the growth of new hair.

Obtainable at the **HARPER METHOD SHOP**
271 Fair St. Tel. 2210.

ON FASHIONS

Fashion Continues to See Red, K. K. gards Rubies As Beyond Price.

New York—Editor "consciousness" is a term frequently met up with these days, and sometimes used in connection with the conscious mind. Students of fashion history have been busy in affirming that never has color held so complete a mastery over the decorative and artistic and artistic in tones of herbage and color and material. In fact, the detail is relatively unimportant to it.

Combination of contrasting colors of this are more generally used than ever, and even with a lovely pastel range to lure us away from more brilliant hues, we remain addicted to red, alone or in combination with something else. Jewelers find a sudden demand for rubies or what passes for rubies and designers in every field admit that red is a drug so potent that paler tones have lost their kick for many of us.

A Two-Piece Jersey Frock Combines Gray, Tan, Red and Black in Modernistic Manner in Its Blouse. While the Pleated Skirt is Entirely Black. (Copyright, 1929, by Fairchild).

Even fabrics of the tricot family, of which jersey is an important member have turned crimson or scarlet in a realization that by so doing they are lifted into success impossible for drab and colorless fabrics. Linen, Spanish red, pepper, poppy, lacquer and a host of other names are given as indicative of special preferences. Faded reds, salmon and the like are also rans; red mixed with yellows and rose, and wine reds are in line for promotion. Palm Beach style reports headline red dance and dinner frocks in town, although red is for street and sports, rather than for evening.

OUR DAILY PATTERN.

A Dainty Frock for a Tiny Tot.

6355. Printed lawn was chosen for this model, with organically for the pockets. China silk in white or pastel shades is also attractive. Cotton prints, pongee and crepe de chine are suggested. This design is simple and charming. The raglan sleeve is very comfortable and dainty in the puff formation of the illustration. A neat collar, and pleasing pockets complete this style.

The pattern is cut in 4 sizes: 6 months, 1, 2 and 3 years. To make the dress for a 2 year size will require 1 1/2 yard of 36 inch material. For pockets and facing of contrasting material on collar and cuffs 1/2 yard 27 inches wide is required.

A pattern of this illustration mailed to any address on receipt of 12c in coin or stamps by the Pattern Department, The Freeman, Kingston, N. Y. Be sure to state the size wanted.

PHOENICIA

Phoenicia, Jan. 30.—(Freeman) Around again after a recent illness, Theresa Nellner was seen in the city today.

The Phoenicia Hotel yesterday was being filled with a host of guests. Miss Minnie Donovan is spending a while with Mrs. R. Donovan.

Mrs. Gail and family of Tennessee, who visited Mrs. Gail's parents, Mr. and Mrs. Wright.

The skating rink is in great demand due to being flooded and attended by those having it. The rink is open every afternoon and evening.

A food sale was held yesterday afternoon at Mrs. Lorna Winton's church. The League of the B. M. Church had it in charge.

The chicken pie supper held at the home of Mrs. J. J. Winton.

Longway Bakery closed \$115. The bakery was closed for a week, which was held at Hunter Saturday afternoon, owing to the North road. The bakery was closed for a week, which was held at Hunter Saturday afternoon, owing to the North road. The bakery was closed for a week, which was held at Hunter Saturday afternoon, owing to the North road.

"All Aboard"
At High School

In the Kingston High School Auditorium on Friday night, February 8, the Choral and Glee Clubs of the high school will present the musical comedy, "All Aboard", under the direction of Mr. Stice, the musical director of the school. This presentation is made by special arrangement with the John B. Rogers Producing Company, which is considered one of the best amateur theatrical producers in the world. The company spares no expense when it comes to scenery, costumes and clever manuscripts, and

that the show will be beautifully staged and consumed is a certainty. The cast which is taken from the musical clubs of the school, is made up of over 150 members, including the leading musical and dramatic talent. The sale of tickets to the public has now started, a record breaking sale is anticipated, and possibly an extra night of production will be necessary.

Beauty Care right in your own Dishpan!

305 Famous Beauty Shops Find—

"With all our experience we cannot distinguish between the hands that never wash dishes and hands that use Lux in the dishpan."

FAMOUS BEAUTY SCHOOLS also find Lux gentlest to the hands! The National Schools of Cosmeticians chose Lux for use in manicuring because Lux suds proved most soothing! "There is no better beauty aid than Lux in washing dishes," they add.

96 OUT OF EVERY 100 BRIDES questioned in 11 great cities are using Lux for their dishes, to keep their hands truly lovely! These modern girls mean to keep house without losing a bit of youthful charm. They find Lux means beauty care!

THESE FAMOUS HANDS of Miss Irma Wright, world champion amateur typist, delight big audiences with their speed! "Lux in my dishpan keeps my hands supple and white," she says—"solves my problem of being both champion and home-maker."

OF COURSE DISHES SHINE, glasses sparkle, with lovely Lux suds—insanely sparkling even in hard water! And Lux costs so little! The big package of Lux will wash 6 weeks' dishes for the average family—lovely hands for less than 1¢ a day!

NOBODY has a better chance to compare women's hands than the experts in these famous beauty shops all over the country! And they find that—

"Lux for dishes means hands that are truly lovely—soft and white as the hands of leisure."

Here is beauty care in your dishpan!

While you are washing dishes with gentle soothing Lux suds, your hands are gaining a half-hour or more of real beauty care!

The secret is this: Lux is different from other soaps! It cherishes the delicate oils of the skin, while so many soaps pitilessly dry these beauty oils—leave the skin roughened and red looking.

Best of all, this wise, simple beauty care costs almost nothing. Lux for all your dishes costs less than 1¢ a day!

Here is the wisest, most inexpensive beauty care known—right in your own dishpan!

Domestic dressed rabbits: Receipts light, demand slow, market unchanged.

Financial and Commercial
New York, Jan. 30 (AP).—The stock market was extremely unsettled today as call money rose to 8 per cent for the first time since the middle of the month. A score of important issues lost about 2 to 6 points, but strong buying continued in the utilities, lifting several to new high levels.
Call money rose to 7 per cent and was lifted to 8 in the early afternoon. Calling of loans was slight, but replacement funds were scarce. The peak of the month-end money strain is not expected until tomorrow, and although the banks are in fairly good positions at the Federal Reserve Bank they appeared reluctant to increase their borrowings to support the market. Fears of 10 per cent money tomorrow became pronounced.
Other unsettling factors were the selling of U. S. Steel, which yielded 3 points, by holders who were disappointed that no extra dividend was declared yesterday, and uncertainty over the possibility tomorrow of an increase in the Bank of England's discount rate to stop the flow of gold to New York.
The day's business was largely favorable. "Iron Trade Review" described the month as "undoubtedly the best January in the history of the iron and steel industry from the standpoint of production."
"Iron Age" was more conservative, saying that expanding demands for railroad, automobile and structural steel had "strengthened the industry as January draws to a close." Liggett and Myers declared an extra dividend of \$1 on the common and B stocks.
North American Company and American Telephone rose about 5 points each to new peaks, but irregularly dropped out in the utility division, as some commission houses warned their customers that the advance in this group seemed to be proceeding at too rapid a pace. Consolidated Gas and Western Union lost 2 to 3 points.
International Silver mounted 12 1/2 points and Jewel Tea, Montgomery Ward, Burroughs, Warner Brothers and Commercial Solvents 3 to 5 points. Liggett and Myers B lost nearly 6 points, and Seaboard Oil 5 1/2. Indian Refining, Canadian Pacific, National Bellas Hess, Electric Auto Life, International Harvester, Chrysler, Westinghouse, Canadian Pacific and Johns Manville were among issues receding 2 to 4 points.

APPROPRIATION BILL GOES TO CONFERENCE
Washington, Jan. 30 (AP).—The House rules committee today approved a plan for sending the deficiency appropriation bill to conference for the purpose of smoothing out differences between the House and Senate.
Immediately after the committee decided on this course, Representative Thompson of Connecticut, Republican House leader, said the question probably would be taken up in the House tomorrow and that while ordinarily debate would be limited to one hour, he was willing that a longer time should be used.
The question was sent to the rules committee yesterday after the House and Senate had been in a parliamentary tangle.

Honor Groundhog By Forming Lodge
Lancaster, Pa., Jan. 30 (AP).—George W. Heasel, Jr., hibernating Governor of the Slumbering Lodge of Groundhogs, of Quarryville, said today that he has applications from persons in all sections of the United States who desire to become members of the organization.
The lodge, a fun making organization, insists that members stand guard at groundhog holes each day, and on the weather prophet, which is reputed to come from its den this day, does not see its shadow. If the sun is shining sufficiently to make the groundhog see its shadow, it is supposed to return into its hole for another period of slumber. Six weeks more winter weather is supposed to occur as a result. If it stays out, the bluebirds will soon be singing.
February 2 is Groundhog Day this year.
Today Heasel was busy answering all sorts of rumors about the groundhog. A report that a groundhog in the Philadelphia Zoo had broken its sleep brought the declaration that "a sleep groundhog has lost its ability to predict weather conditions and is a disgrace to other groundhogs."

JORDAN HIGH SCHOOL DESTROYED BY FIRE
Syracuse, Jan. 30 (AP).—Fire today destroyed the Jordan High School at Jordan, 18 miles west of Syracuse and resulted in a loss of between \$150,000 and \$175,000. Apparatus from five nearby villages fought the blaze without success.
The fire destroyed the original building and the upper portion of an addition constructed several years ago. Arrangements were being made today to hold classes for 500 pupils in churches and homes.
The cause of the fire was undetermined.
BRITISH PLANE USED IN RESCUE WORK MISSING.
New Delhi, India, Jan. 30 (AP).—A highly British Air Force troop carrying plane which has been engaged in rescuing foreigners from Afghanistan was missing today in the wild hill country north of the Khyber Pass.
The machine left Peshawar yesterday and returned to Khasulpur for minor adjustments. It started for Kabul, the capital of Afghanistan, but did not arrive there.

INDIAN ARROW HEAD FOUND IN TIRE
St. Remy, Jan. 30.—An unusual tire puncture happened recently on the farm of Leon Van Wagoner on this place. Mr. Van Wagoner upon looking over the rear tire of his auto truck found an Indian arrow head embedded in the rubber, and was not easily dislodged. These arrow heads are sometimes found in this locality, which proves that the Red Men inhabited these parts in the long ago.
WALKER VALLEY.
Walker Valley, Jan. 30.—The heaviest snow of the season fell here Friday and since then there has been very high winds especially Monday and Tuesday.
The pastor's sermon for next Sunday will be "Unload Your Cares."
The Ladies' Aid will meet with Mrs. John Mecke, Thursday, February 7. A nice day is hoped for as all enjoy going to the Mecke home.
Henry Evans, who has had pleurisy, is gaining at this writing.
Several dances at Plattkill.
The children are enjoying the coasting, as well as some of the skating which was fine.
Mrs. Doyle, who has been spending several weeks in the city, has returned home.
The card party held in the firehouse was very largely attended Friday night.
KRIPPLEBUSH.
Kripplebush, Jan. 30.—Church services every Sunday at 2:30 by the Rev. George H. Cooley. Sunday school at 1:30. Everyone welcome.
The Epworth League is planning to serve an oyster supper at the Jr. O. U. A. M. Hall Friday evening, February 15.
Mr. and Mrs. Claude Christiansa and family spent Sunday at Rose Hill.
Earl Christiansa and Joseph Greenburg are employed at New York City.
Mr. and Mrs. Herbert Davis spent the week end at Mr. and Mrs. M. Davis.
Miss Florence Shea, who has been ill, is improving.
A number from this place attended the dance at Allgerville Saturday evening.
George Roosa, Sr., is not improving very rapidly.
City Officials in Foreign Lands.
It was brought out at the meeting of the board of public works Tuesday night that Commissioner Henry Forst and Commissioner E. E. Fessenden are planning on trips. Commissioner Forst will leave Thursday with his wife for a visit to Panama and Mexico while Commissioner Fessenden and his family will sail shortly for Italy.

Former County Clerk in Jail
William B. Pecora, Orange County clerk for six years, was sentenced to the Westchester County Penitentiary for three months by Judge Russell Wiggins, Tuesday, at Newburgh, for misappropriation of public funds during his tenure of office.
Following a speedy trial the jury rendered its verdict of guilty after deliberating one hour and 25 minutes.
The specific charge pressed by District Attorney Elmer H. Lemon was that on February 1, 1927, while Pecora was in office, he took \$150 of public funds from the Goshen office and supplanted it with his own worthless check in a like amount. A bank transcript showed that his balance throughout 1927 was but 87 cents.
The former county clerk admitted placing the check in the till, but denied having taken the money. He said that he put the draft in the drawer because a shortage had appeared in the funds, this having been caused, he held, either by errors in bookkeeping or by defalcation of employees.

Matters Before The Surrogate
The value of the estate of George B. Styles, Jr., Kingston, who died November 15, 1928, and whose will, executed April 17, 1917, has been admitted to probate in the surrogate's court, is given as over \$10,000 real and over \$10,000 personal. The probate certificate gives the value of the legacy and of devise to each of the sons, George B. Jr., and to Harry C. Styles as over \$5,000 in cash each. By the terms of the will the house on Lucas avenue, being the residence, with lot and furniture, furnishings and personal property, is given to son, Harry C. Styles, excepting a picture and a gun; the rest and residue to the sons, George B. Jr., and Harry C. Styles, who are the executors named. Isidor Sampson is attorney for the petitioners.

PORT EWEN
Port Ewen, Jan. 30.—Mrs. George Sharts of New Salem spent Monday with her sister, Mrs. Leona Dougherty, on Stout avenue.
Mrs. Fred Spinnewer, who was recently operated on at the City of Kingston Hospital for mastoids, was removed to her home on Salem street Monday and is getting along nicely.
Coasting is being enjoyed by the younger girls and boys on Salem street.
The friends of Mrs. Phebe Ostrander will be pleased to know she is improving from her recent illness.
Frank Keator of Chichester, a former resident of this place, spent Tuesday with friends here.
Prayer service and Bible study will be held in the Methodist Chapel Thursday evening, at 7:30 o'clock. At 8 o'clock there will be a congregational meeting for the election of three trustees of the church whose terms of office expire. Following that meeting, a meeting of the Sunday School Board will be held.
ALCOHOL INJECTION USED AS ANESTHETIC.
Mexico City, Jan. 30 (AP).—Alcohol, applied by an intravenous injection, has been successfully used as an anesthetic by Dr. Miguel Garcia. The doctor removed a kidney without the patient showing the least pain during an operation which lasted more than an hour.
Medical authorities said the advantage of the use of alcohol was that it stimulated the functioning of the heart and that danger attendant upon the administration of other anaesthetics were removed.
Dr. Garcia refused to sell his formula. He said he was content to place his discovery at the disposal of the medical fraternity for the benefit of mankind.
GOVERNOR ROOSEVELT CELEBRATES BIRTHDAY
Albany, Jan. 30 (AP).—Governor Roosevelt celebrated his forty-seventh birthday quietly today. He worked at the executive offices in the Capitol. Plans for the actual observance of the day called for a quiet family party at the mansion tonight.
When he entered his office he found on his desk a basket containing 47 American Beauty roses, gift of the members of the executive staff, and several individual presents.
The party at the mansion will be a very quiet one, the governor stated, because of the illness of his eldest son, James, who is recovering from pneumonia.
CHARLES E. HUGHES RETAINED BY ROCKEFELLER COMMITTEE.
New York, Jan. 30 (AP).—Charles Evans Hughes has been retained as legal adviser to the Rockefeller Proxy Committee which seeks to oust Colonel Robert W. Stewart from chairmanship of the Board of the Standard Oil Company of Indiana.
Mr. Hughes, associates of John D. Rockefeller, Jr., announced, will guard against "technical mistakes" in the handling of the campaign for proxies.
Troup Planes Missing.
London, Jan. 30 (AP).—A dispatch to the Daily Mail today from Lahore, India, said two troop-carrying planes were missing and the crew were entertained for their safety.

Need More Funds For Bigger Navy
Washington, Jan. 30 (AP).—The prospect of adding eight ships to the navy in 1930 has brought from the House appropriations committee a declaration that funds for that arm of defense must be greatly increased in reporting the annual supply bill, carrying \$247,000,000, today for the addition of 300 men to the enlisted personnel of the navy and had made other efforts to meet the situation.
The estimates look to the addition of eight ships during the year, it said, bringing the total to 327 ships in operation. The eight new ships would add five first line cruisers, one first line submarine, and two first line fleet submarines.
"No diminution is contemplated in the operation of this force," the committee said, "and yet, in view of the fact, there must be need for additional enlisted personnel, for greater outlays for maintenance and upkeep, and for operating expenses. For the latter we find an additional allowance for fuel requirements; in other respects nothing, or practically so."
The bill's total is almost \$15,000,000 under the amount provided for this fiscal year.
The decrease was caused largely by smaller appropriations for increasing the navy and modernizing battleships. The amount for increase of the navy was cut to \$24,750,000, or \$14,895,000 less than for this year, and that for modernizing battleships dropped to \$450,000, or \$8,125,000 smaller than this year.
Other increases in various appropriations along the line, however, trimmed down the savings by several million dollars. At the same time, the committee said it might be necessary to provide additional money during the year to complete three fleet submarines. This would require almost \$3,000,000, which already has been authorized.
The decrease in the cost of modernizing battleships resulted from the virtual completion of work on the battleships Nevada and Oklahoma.
Among the principal outlays were: Bureau of Engineering, \$20,174,400; Bureau of Construction and Repair, \$18,316,080; Bureau of Ordnance, \$13,277,020; Bureau of Supplies and Accounts, \$175,035,400; Bureau of Yards and Docks, \$8,975,400; Bureau of Aeronautics, \$31,645,420; Naval Academy, \$1,986,930; Marine Corps, \$24,981,877; increase of the Navy, \$24,750,000.

MRS. RUTH GIVES BULK OF ESTATE TO WARD, \$5 TO "BARE"
New York, Jan. 30 (AP).—The true relationships of the "mystery child" to Babe Ruth's late wife was established today in Mrs. Ruth's will.
The document, filed in surrogate's court, left the bulk of a \$50,000 estate to "my beloved charge and ward, Dorothy Helen Ruth, at one time known as Marie Harrington."
Babe Ruth was cut off with a bequest of five dollars. The same amount was left to Mrs. Ruth's mother and to each of her four brothers and three sisters.
At the time of Mrs. Ruth's death in a fire which destroyed the home of Dr. E. H. Kinder, dentist of Watertown, Mass., January 11, conflicting reports were in circulation regarding whether Dorothy was the offspring of the ball player and his wife or a foster child.
The identity of the real parents of the child whom Babe Ruth introduced at the Polo Grounds seven years ago as "my daughter Dorothy" was not revealed in the will.
The petition for probate presented another mystery when it listed a cause for action for \$21,000 against "a resident of New York City" as the principal asset of the estate. Personal property represented chiefly by jewelry was estimated at \$22,000. James J. Conlin, named sole executor, refused to make any statement regarding either the true parentage of Dorothy Helen or the identity of the defendant in the legal action.
Dorothy, who is nine years old, has been attending the Academy of the Assumption at Wellesley, Mass.

COUNTY DETECTIVE KILLED IN HIS KITCHEN
Williamamie, Conn., Jan. 30 (AP).—Criminal investigators from Hartford and Windham counties today took up the search for the slayer of County Detective William E. Jackson, shot down and instantly killed last night in the kitchen of his home in this city.
Jackson was believed to have been called to the back door of the house, in which he was alone at the time, lured at the point of a gun into the room, and then slain. The body was found by his wife, returning after a 40-minute absence.
As one of the original members of the Connecticut State Police, Jackson early gained renown for his success in criminal detection.
He was a roughrider under Roosevelt.

Flier Jensen Forced to Land
Hawalei Field, N. Y., Jan. 30 (AP).—Unable to gain altitude in an attempt to establish a new solo endurance flight record in which he was using a new automobile gasoline, Martin Jensen, Hawaii flier, made a forced landing on the beach of the north shore of Long Island today.
He bailed out at the end of a long, uneventful run, and missed the telephone wires at the edge of the field by inches. Just as he was about to land, a strong wind from the south between Boston and Washington.

Held for Action Of Grand Jury
Henry Raymond Seekant, aged 23, years, was brought to the Ulster County jail today by Sheriff Arthur Rice from Ellenville to await the action of the grand jury. Seekant was committed by Police Justice Van R. Moffit charged with burglary in the third degree.
Pickup in Ellenville Tuesday suspected of having entered three places there, Seekant broke jail during the night but was caught this morning before getting out of the village. It is believed that he is also wanted in Baltimore, Md., for stealing an automobile. There is also a possibility that he figured in the passing of worthless checks in this city.

CASUALTIES AMONG MARINES IN 'NICARAGUA'
Washington, Jan. 30 (AP).—Twenty Marines have been killed in action in Nicaragua, eight have died of wounds received in action, and 51 have been wounded.
Major General John A. Lejeune, commandant of the Marine Corps, revealed these figures before a hearing of the House Appropriations Subcommittee of the Navy Department Appropriation bill.
Trotzky Going to Turkey.
Constantinople, Jan. 30 (AP).—Leon Trotzky, once head of the Red Army, who has been in exile in Russian Turkistan, is expected to take shelter in Constantinople or Angora soon. The Turkish government has agreed to allow his entry.

MELLON SAYS FUND WOULD ONLY INCREASE EMPLOYMENT
Washington, Jan. 30 (AP).—Secretary Mellon in a letter to Chairman of the House Appropriations Committee today reiterated his opposition to the proposal to appropriate \$25,000,000 for a fund to employ unemployed men on public works.
"The fund would not increase the number of men employed on public works," he said, "but it would increase the number of men who are unemployed."

DIED.
BUCHER.—In this city, January 28, 1929, Marvin Bucher, at his home, at 131 W. 11th street.
Funeral Tuesday from the law home at 2 p. m. Relatives and friends invited. Interment in White Gate Cemetery.
FITCHES.—At Ulster Park, N. Y., Monday, January 29, 1929, Dorothy Fitches, widow of Henry Fitches in her 92nd year.
Funeral at the residence of Mrs. William Walter in Ulster Park Wednesday evening at 8 p. m. Relatives and friends invited. Further services will be at Trinity Lutheran Church, Middle Village, L. I., Thursday at 1:30 p. m.

TESORO.—In this city, January 28, 1929, Philip Jan. son of Philip and Rosalind Van Valkenburgh Tesoro, Sr.
Funeral Thursday from residence, 14 Center street, at 8:30 a. m., and from St. Joseph's Church at 9 a. m. Relatives and friends are invited. Interment in St. Mary's Cemetery.
WINNE.—In this city, Monday, January 28, 1929, Lillian, wife of Alfred Winne.
Funeral from Funeral Chapel of W. N. Conner, 302 Fair street, Friday, February 1, at 2 p. m., private. Those desiring to view the remains may do so on Thursday evening between the hours of 7 and 9 o'clock. Interment in Whitegate vault.

Chandlers Beat Out Fleischmanns In Overtime Game

Chandlers, Substituting For Troy, Force Local Quintet Into Extra Period To Win Contest, 51-49.

Y's Men Beat Young Judahs, 25-19.

After playing an extra period of ten minutes, the Chandlers beat the Fleischmanns 51 to 49 at the Y. M. C. A. court Tuesday night. The Chandlers were scheduled to play the Troy Y. M. C. A. quintet, but Troy was unable to get to Kingston, so the Fleischmanns were loaned. The Chandlers were away from the court for a while, but they returned in time to win the game. The Fleischmanns were in the lead for most of the game, but the Chandlers came back in the second half and won in overtime. The final score was 51 to 49.

Fleischmanns went to work just as soon as the game started. Kirk made a field goal and Krum made one for the Chandlers. Kirk again scored and Faulkner helped things along by finding the rim for a two pointer. Following this Merritt caught two from scrimmage. Faulkner didn't seem to be having much trouble finding the basket for he again sunk one which was followed by one by Krum. This was the second time the score was tied, it being 8 all. This did not last long for Kirk again did the scoring act which put Fleischmanns in the lead once more, 10 to 8. Joe Hoffman made a free try good but his score was blotted out when Aronowitz stood in the middle of the floor and sank one. Kirk then made a shot from the fifteen-foot line as the quarter ended. The score was in Fleischmanns' favor 15 to 9.

The Chandlers by no means were going along at top form although they made most of their shots good. Their pass work was not as fast and as accurate as it was in previous games, but as the game went on they came around. Kennedy had not taken Krum's position at pivot man and he started things off by making a pretty cut in shot. This boosted the Chandlers two more marks toward the lead. Faulkner made a foul shot good. Kennedy again came through with another decent but it seemed as though they were to stay just a couple of points behind for Kirk made a neat long shot which made the score 20 to 15 in favor of Fleischmanns. Merritt now found the basket for a score and Kennedy now made a foul shot which put the Chandlers the closest they were yet to their opponent's lead in the second half, 20 to 18. Kirk now evidently felt uneasy so he tossed the leather through the hoop for a two pointer. Merritt then scored from scrimmage and Kennedy tied a knot in the score at 22 points when he sunk one from the side of the court. For the first time since the middle of the first quarter the Chandlers took the lead when Merritt again tallied making the score 24 to 22 in their favor. Terry, who hadn't yet scored, now came along with the tying field which made the tally 24 all as the half ended.

Tonight Ends Tie In S. S. League

The deadlock between the Redeemer and Congregational Senior Sunday School Basketball League teams for first place in the circuit will be played off tonight at 8:30 o'clock on the Y. M. C. A. court. The result of tonight's tilt will determine the holder of first place for the first half of the playing season. Saturday night brought the first half of the league games to a finish, with the following standing of the teams:

Team	Won	Lost	Pct.
Redeemer	8	1	.888
Congregational	8	1	.888
St. James	6	3	.666
Comforter	6	3	.666
Clinton Ave.	6	3	.666
Presbyterian	5	4	.555
Trinity	3	6	.333
Port Ewen	2	7	.222
St. John's	1	8	.111
Albany Ave.	0	9	.000

NEW PALTZ NORMAL TRIMS KERHONKSON IN EXTRA PERIOD

In an extra five-minute period played to settle a 31-all tally, New Palts Normal School quintet brushed ahead of the Kerhonkson High School varsity to the tune of 33-31 Friday night, January 25, at Kerhonkson.

The court war was one hectic battle from start to finish. Kerhonkson was two points in the lead as the timer's watch registered the last few seconds to play, but Oakley, who played a brilliant game for New Palts, dropped a field basket that deadlocked the score at 31 points.

Oakley was highest individual scorer for the teachers, having 15 points to his credit. Woodruff and Ruland accounted for 18, while Petersen, who contributed five markers to the teachers' tally, worked well with Taylor in playing guard. Decker and Reiner were the big guns for the losers. Decker came through with 15 points, while Reiner tallied 12.

K. H. S. Must Beat Middletown To Keep in Race

Friday night is the local school gym the Kingston High School Varsity will play their last DUSO League game at home against Middletown. The Maroon and White squad must win this game in order to keep in the race for the league honors.

Kingston played the Orange County team in the early part of the season. Middletown took the game, although the locals fought hard until the last whistle. This time Kingston expects to turn the tables and they are on the straight way to doing it according to the splendid form they showed in practice Tuesday night.

Newburgh and Port Jervis are clashing at Port Jervis Friday night. If Newburgh wins they will be holding the league lead by a safe margin. Kingston on the other hand if they take their game from the Middletown will be in second place. As the league stands now Kingston, Poughkeepsie and Middletown were to play the scheduled game.

Team	Won	Lost	Pct.
Newburgh	2	1	.666
Kingston	2	2	.500
Poughkeepsie	2	2	.500
Middletown	2	2	.500
Port Jervis	2	1	.666

FIGHTS LAST NIGHT

(By The Associated Press.) Paris—Al Brown, United States, knocked out Tiger Humedy, France (1). Indianapolis—Bud Taylor, Terre Haute, Ind., outpointed Billy Shaw, Detroit (10). Harry Fierro, Chicago, outpointed Kid Woods, Indianapolis (8).

Los Angeles—Earl Nastro, Chicago, outpointed Kid Francis, Europe (10). Jacksonville, Fla.—Herbert (Baby) Stribling, Macon, Ga., outpointed K. O. Billy Edwards, Savannah, Ga. (10). Dick Gore, Jacksonville, Fla., outpointed Eddie Cohen, Newark, N. J. (10).

SIX HEAVYWEIGHT ELIMINATION BATTLES

New York, Jan. 30 (AP).—The signing of Paulino Uzcudun for a bout on February 22 with K. O. Christner in Madison Square Garden has revealed plans for six heavyweight elimination battles during the coming year.

The wind-up, under the present schedule, will come in September with Jack Dempsey in his old role of gladiator. The Garden's idea, as outlined by Colonel John S. Hammond, acting general manager of the corporation, is this:

Paulino-Christner, February 22; winner to meet Tom Heeney. Max Schmeling-Johnny Risko, February 1; winner to meet survivor of Heeney and Paulino or Christner battle.

Many Wild Cats Near New Paltz

New Paltz, Jan. 29.—A short while ago Marshall McMurdy, one of our reputable farmers and dairymen, turned out one morning two of his pedigree cows for exercise and to graze a bit. Early in the afternoon he was informed by a neighboring farmer that a calf was born on the pasture lot. Mr. McMurdy immediately went with his shepherd dog to locate the calf and bring it back to shelter. To his surprise, he found the cows, but no calf. The dog got a scent through the thick brush, came back and dropped part of the calf's hind leg at his feet.

Then the dog barked and Mr. McMurdy followed and found bones, the only remains of the calf. Mr. McMurdy states that a short time before this incident occurred another of his calves had been devoured by these ferocious wild cats, which are often seen near neighboring farmers' roaming around for prey.

At night they can be heard screaming, which echoes through the mountains. It is said by hunters these wild animals travel in pairs and mostly by threes. Not long ago in the Catskills the farmers got together to hunt a wild cat that was killing off their stock. The hunters were fortunate enough to bring to bay three large specimens in a cleft by the mountain side. The wild cats were close to each other when shot.

NEW PALTZ

New Paltz, Jan. 30.—George Clinton called on his parents, Mr. and Mrs. James O. Clinton, at Modena on Sunday.

Mrs. Mary F. Stahl entertained at cards Thursday in honor of Miss Magdalene Deyo.

Charles Conine has returned from a trip to South America.

Mrs. Perry Deyo entertained at bridge Tuesday afternoon.

Mr. and Mrs. Schuyler Millham and Mr. and Mrs. Ernest Tamney were dinner guests of Prof. and Mrs. C. C. Ward Tuesday evening.

Mrs. B. H. Matteson was hostess to her bridge club Thursday afternoon.

Miss Alice Finley spent Wednesday in New York city with her sister, Dr. Caroline Finley.

Mrs. Bowman LeFevre entertained at cards Thursday evening.

There was a special meeting of the officers and chairman of the Rod and Gun Club Wednesday night.

Mrs. Judson B. Schoonmaker was hostess to the Wednesday Club the past week.

Mrs. B. H. Matteson entertained at cards on Friday evening.

Miss Magdalene Deyo, who has been spending several weeks with her brother, Robert Deyo, has returned to her home in Burlington, Vermont.

The Christian Endeavor Society of the Reformed Church will give the play, "Once There Was a Princess," Monday evening, February 11, in the New Paltz Opera House.

The Slippery Seven Club was entertained at the home of the Misses Elsie and Hilda Coutant on the New Paltz and Highland road Thursday evening.

Miss Marie Montana, soprano and Julian Kahn, cellist, two noted New York vocalists, appeared here in joint recital on the evening of January 28, at the Normal Auditorium as the fifth number of the Lyceum course.

Miss Montana, an American artist, of brilliant achievement in Italy, France, Canada and China, has just returned from a sensational European season. She is an American who assumed the name of Marie Montana because of the difficulties encountered in European countries in pronouncing her name, Ruth Kellie Waite. Julian Kahn had the distinction of being the only cellist to win the \$300 sesquicentennial prize award by the National Federation Music Clubs at Philadelphia in November, 1926. This young American cellist has been heard in highly successful performances as soloist in New York with the American Orchestra Society.

The next Lyceum course will be held in the Normal School auditorium February 28, Brahms' string quartet, with Janie Gordon Wellman, dramatic interpreter. This is the sixth number.

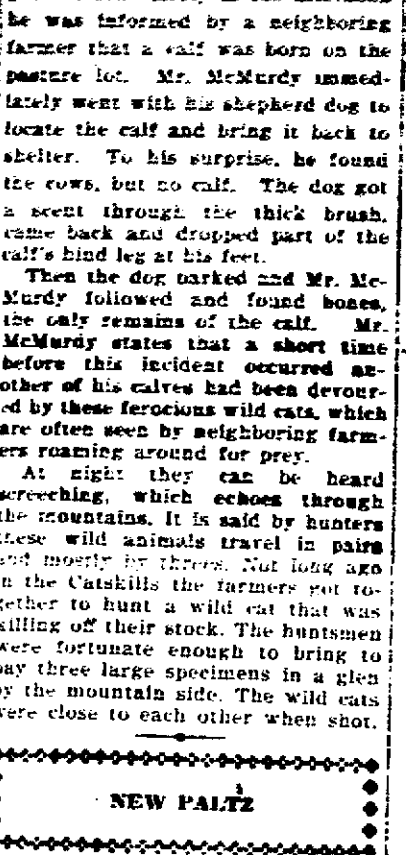

Under the direction of Miss Fletcher, the freshman class of the Normal School was organized the past week and officers elected to guide the destinies of the class of 1931. The results of the election are as follows: President, Muriel Gregory; vice president, Elizabeth Tuttle; secretary, Emmet Ruland; treasurer, Claude Woodruff.

PORT EWEN K. OF P. TEAM SEEKS GAME FOR THURSDAY

The Port Ewen Knights of Pythias quintet is now after a game with a formidable basketball team for Thursday night at Port Ewen, as the Y's Men called off their engagement with the Knights. Manager Terwilliger is trying to sign the Layman-Bekwith-Scott Club of Newburgh for an appearance at Port Ewen but has not met with success as yet. If this team cannot be persuaded to meet the Knights, then another quintet of this vicinity likely will make up the opposition.

Radio Compass Pens New Epic Of The Sea

Capt. George Fried of the S. S. America standing beside the insulated receiving coil of the radio compass which enabled him to effect his second rescue at sea by pointing the way to the sinking S. S. Florida.

Gun Battle Ends Last of Gang

Walked Into Ambush Arranged by Friend He Method of \$2,000 in Which He Had Promised Return of the Money.

West Palm Beach, Jan. 30 (AP).—When Haywood Register fell mortally wounded yesterday under a leader hail from an ambuscade of officers, Sheriff "Bob" Baker finished a job he undertook four years ago when he set out to exterminate the notorious Ashley gang. Register died with his boots on in best approved outlaw fashion, with his guns blazing defiance at the officers who attempted to return him to the state penitentiary and a life sentence for murder.

The last member of the gang of desperadoes, who from their hideouts deep in the swamps of the Everglades preyed for years on the villages along the Florida east coast, escaped last December 5 from the State Penitentiary at Raiford, where he had been serving concurrent life sentences for murder and an additional 15 years for highway robbery.

Yesterday he walked into an ambush, arranged with the aid of a friend of Register's whom the outlaw last Saturday held up and relieved of \$2,000. The friend pleaded for the return of his money, and Register agreed on the condition that he be furnished transportation to West End, in the Bahamas.

The victim conferred with Sheriff Baker, and yesterday when he went to keep his rendezvous with Register near a canal at Boynton, 17 miles south of here, he was followed by Baker and his deputies. Baker, hidden behind a bush, called on Register to "throw up your hands."

Instead, Register whirled, a blazing pistol in each hand. He emptied three pistols at the five officers and was attempting to draw a knife when four bullets from the posse's pistols took effect.

The Ashley gang terrorized the lower east coast for nearly four years, committing highway robberies and holding up banks until four years ago. Sheriff Baker and his deputies surprised the outlaws at Sebastian Bridge, near here. In the gun battle that ensued four of the gang were killed and several captured.

Bob Ashley, another member of the gang, was killed some time later in a pistol duel with Miami officers and Ed and Frank Ashley went to sea and disappeared. Joe Tracy, another of the outlaws, is serving a life sentence at Raiford.

Laura Upthegrove, reputed sweetheart of various members of the gang, committed suicide three years ago by drinking poison.

SENATOR WICKS HAS THREE BILLS

Albany, N. Y., Jan. 30 (Special).—Senator Arthur Wicks, of Ulster, is the sponsor of three bills now before the Legislature.

One bill, which would add a new section to the General Municipal Law, provides that any member of a duly-organized paid or volunteer fire company in the state shall not be liable civilly for any act done by him in the performance of his duties.

Another bill would require any person seeking a position as a district school superintendent to be the holder of a certificate issued to him by the State Department of Education. Immunity from this law would be all districts superintendents now in office or those who have had three years' experience in that capacity.

The third measure is designed to amend the poor law as it relates to tubercular poor in Greene county. Under its provisions, a person suffering from tuberculosis who becomes a resident of Greene county shall not be considered legally settled until he shall have been a resident or inhabitant of a particular town for a period of five years.

Senator Webb of Dutchess has a bill under consideration of the Legislature providing for an appropriation of \$50,000 for a survey for construction of a toll bridge across the Hudson between Catskill and Hudson.

English Singers Delight Audience

A large and enthusiastic audience greeted the English Singers who gave the first of the series of concerts being presented by the Kingston Community Concert Association at the Kingston High School auditorium Tuesday evening.

Everything about the concert was pleasing. It was gratifying to find so many people responsive to the idea of these community concerts.

It was delightful to be able to listen to a program sung almost entirely in English and equally delightful to listen to a group of musicians with such an almost perfect technique, that one did not have to give that phase of the program a thought beyond being thankful for and appreciative of its unobtrusiveness.

The enlightening remarks about some of the songs, given by the leader, added pith and point to their texts which otherwise might have been rather meaningless.

That sacred music strikes a deep resonant chord in the hearts of audiences of today was evidenced in the keen appreciation of the listeners of the first group of songs, the three motets.

Going from the sublime to the ridiculous, there was a subtle and fascinating humor in several of the songs, particularly the Three Fairies. Moreover it was an evening of absolute entertainment, unique in character and offering a remarkably varied program, considering that practically all of the numbers were sung unaccompanied.

Perhaps one of the things that made the concert particularly delightful was the evident pleasure of the singers themselves, in the pleasure they were giving their audience.

The singers were Flora Mann, Nellie Carson, Lillian Berger, Norman Stone, Norman Noller and Cuthbert Kelly, and Kingston music lovers have been favored indeed to hear these charming English singers here. Their full program of quaint and rarely heard songs follows:

- Motets: Praise Our Lord.....William Byrd Ave Verum.....William Byrd Hosanna to the Son of David.....Madrigals and a Ballad: Sing We and Chant Ye.....Thomas Morley O Softly Singing Lute.....Francis Pilkington Tho' Amaryllis Dance in Green.....William Byrd Folk-Songs, arranged by R. Vaughan Williams: The Dark-eyed Sailor, The Turquoise Dove, Wessall Song, Encore: A Farmer's Son So Sweet, Italian Street Cries: Chimney Sweepers, Jacques du Pont Rag and Bone, Adriano Bauchieri Hot Chestnuts.....Jacques du Pont Dyes and Trio: I Spy Cella.....Henry Purcell John Come Kiss Me Now (16th Century).....Arranged by E. W. Naylor The Three Fairies.....Henry Purcell Madrigals, a Canonet and a Ballad: What Saidst My Dainty Darling.....Thomas Morley The Silver Swan.....Orlando Gibbons I Go Before My Darling.....Thomas Morley My Phyllis Bids Me Pack Away.....Thomas Weelkes The second of the community concerts will be given on Wednesday evening, February 20, at 8:30 o'clock, by the Flonzaley Quartet, which is giving its farewell concert tour before disbanding as a concert group.

What Congress Is Doing Today

(By The Associated Press.) Wednesday: Calendar day in House: Senate goes ahead with cruiser construction bill.

Senate Interstate Commerce Committee considers reappointment of Pat M. Neff, of Texas, as member of Railway Board of Mediation.

House Rules Committee considers procedure to be followed on Senate amendment to first deficiency bill.

House Ways and Means Committee takes up cotton tariffs.

Tuesday: House adjourned after tangle on procedure on first deficiency bill.

Senate Interstate Commerce Committee continues hearings on Neff appointment to Railway Mediation Board.

Charges made before the Senate Committee investigating patronage that R. B. Creager, Republican National Committee man, protected Texas hotels from raids by prohibition agents.

Senate agreed to limit debate on cruiser bill beginning Monday.

PENN COACHES TO PUT NEW POLICY INTO EFFECT

Philadelphia, Jan. 30 (AP).—Athletic authorities at the University of Pennsylvania today announced a new departure regarding control of undergraduates in sport competition. Hereafter freshmen will be limited to participation in but one sport, except in rare instances, and upper classmen will be held to two forms of competition, except in particular cases. The new policy will be put into effect February 11.

Penn coaches believe the average varsity man who is active athletically throughout the year has difficulty in keeping up with his studies and takes his strength too much. In the future, if he desires to compete in three sports, he must convince the coaches that his class work will not suffer thereby, nor will he be undertaking too great a physical burden. The same rules will be applied in limiting freshmen.

Turkey Supper at Flatbush. The ladies of the Flatbush Reformed Church will have a turkey supper on Wednesday, January 30, beginning at 6 p. m., to which the public is most cordially invited.

FLU SUFFERERS

Let their body in proportion to the extent of the fever prevailing during this illness. The regular use of Harper's Method Cough and Flu Syrup will not only stop the hacking, nervous dryness of the throat and irritation of the lungs, but hasten the growth of new blood.

Obtainable at all drug stores.

Flashes of Life Sketched in Brief

(By The Associated Press.)
New York—Nathan Straus, merchant and philanthropist, who celebrated his 81st birthday today, has a recipe for good health: "Do something good for the other fellow each day. Thinking of others takes one's thoughts from oneself. Make this a habit and one will not have time to become ill."

Schenectady, N. Y.—Mrs. Jacobs, one of the few women who have sailed 300. She did it in a league with a referee on the football field.

New York—Blanche Ring is convinced that theatrical folk should marry one another; their existence demands that they be so terribly keyed up, and Charles Winger, her husband from whom she separated after 15 years, "should have some sort of wife. He is the type who needs a domesticated woman."

New York—James L. White and Jacob Erskine, federal prohibition agents, testified that in one night they bought 53 drinks at \$1 each and also a pint of whiskey for \$10, questioned as to whether liquor had slipped them they insisted they had to help in drinking it. The jury acquitted one defendant in a night and convicted two with a commendation for mercy.

Philadelphia—This is the driest city now, in the opinion of Dr. James H. Doran, federal prohibition commissioner; it is drier than many other cities.

Rochester, N. Y.—Modest fellow Postmaster John B. Mullan. He is sending a letter addressed to "the postmaster in the U. S. S. Unless somebody claims it he will send it to the dead letter office."

New York—Among those delighted by the current cold weather, other than skaters, are radio fans. Distant stations are heard better than ever. The listener describes reception from stations as far as Los Angeles as significant.

Boston—Some gullible folks have been in a scheme purporting to solve a trunk of gold hidden by the late Gerald Chapman, notorious gunman, and his partner, Ed Anderson. The idea was to see enough money to send the trunk to Europe and have the gold sold. The trunk under guard was shown to the story came out after Thomas J. Holmes was arrested on complaint of Louis Crowell, broker, who invested \$4,300.

Normal Students Visit Napanoch. New Paltz, Jan. 29.—Last Tuesday members of E. V. Beebe's special psychology class of the normal school, journeyed to Napanoch to visit the State Institution for Defective Delinquents. The trip was made by two busses and three taxis. Dr. Mayer, head of the institution, led the party around, showing them the various kinds of manual work that is done by the inmates in the institution's factory. Woodworking, basket weaving, broom making and aluminum spinning are only some of the work done. The story that is carried out by Dr. Mayer is to keep the men busy and to see all the inmates are mentally defective in varying degrees, the work necessarily of the "see and do" type. After the inspection trip through the reformatory the group assembled in the prison auditorium. Dr. Thayer addressed them, telling them in a short talk of the parole work done by the institution. He presented several cases to show some of the problems that are met by the parole board.

West Shokan. West Shokan, Jan. 30.—The many friends of Professor Charles Allen of Cornell University are shocked to learn of the tragic death of his eight year old son, Richard, which occurred near his home in Shokan on Thursday as the result of a coasting accident. The grief-stricken grandparents, Mr. and Mrs. Loring T. Allen, of Brodhead, left on Saturday for the home of their son-in-law, Dr. W. H. Shultz, of Wittenberg. The details of this tragic affair are not yet available but it is understood that the body would not be brought back for burial. The entire community extend to the bereaved family and grandparents, their heartfelt sympathy in this their great sorrow.

The six inch snow storm on Friday caused the county tractor snow plow to be kept busy keeping the boulevard open. Many thanks are extended Charles Hester and Julian Eckert for the very efficient manner in which they ploughed the road on West Shokan Heights. This work being again performed in a public spirited manner without expectation of reward for their efforts.

M. J. Every, also superintendent Allan Rose of the Ross J. Lynn estate, ploughed the Traver Hollow road on Saturday.

Mr. and Mrs. M. J. Every have both been ill, but have recovered, although Mrs. Every still remains quite weak.

The health of Abram Constable shows a marked improvement and many friends are congratulating him on his fine appearance.

Mrs. Frances Angle, who died on Thursday last at the home of her daughter, Mrs. Sarah Young, of 110 St. James street, Kingston, was the last surviving aunt of Mrs. Shepard Bell. Mrs. Angle at the time of her death was 87 years of age. Despite her advanced age she had enjoyed good health and had maintained all of her faculties until the time of her death which was caused by pneumonia. Her husband, Edward F. Angle, died some years ago. She is survived by three daughters, Mrs. Mary E. Jones of New York, Mrs. Young and Miss Josephine Hornbeck, also a brother, William Snow, of Kingston, besides several grandchildren.

Quite a smash up occurred one day last week when the Whippet sedan driven by Robert Nichols of Tonawanda skidded near the Watson Hollow inn and crashed head on into one of the concrete culvert posts, wrecking the post. Likewise the car almost completely.

The dance given on Saturday night at Colgate Hall under the auspices of the West Shokan Social Club proved to be as was predicted an outstanding social event and was attended by a large number from outside communities, which included delegations from Stone Ridge, Krippelbush, Krumville, Kingston and other nearby villages.

The services held at the Baptist church on Sunday afternoon were well attended. The sermon was delivered by the Rev. C. F. Ahrens. The subject was "Law and Order" in accordance with the edict of Governor Roosevelt that was observed by churches throughout the state on Sunday. The times of the service was held up until 3 o'clock on account of the Rev. Mr. Ahrens sustaining severe tire trouble while on his way here from his home in Walden. He was accompanied by his daughter, Grace, and three other young people of the Walden Baptist Church.

On Saturday night Arthur Snyder, of the Watson Hollow Inn, suffered a rather strange and severe illness. Some time during the evening he noticed a choking sensation in his throat and later his face began to swell, which continued until his eyes were nearly closed. He did not summon a physician but held hot compresses to his face and neck and took warm internal remedies at frequent intervals during the night, which seemed to sweat it out. As morning dawned the swelling had considerably subsided. However the effects of his harrowing experience are still in evidence. His face on Sunday presented the appearance of one having been in a boxing bout. Mr. Snyder has no idea as to what may have been the cause of his affliction which all trust may be of brief duration.

Weather permitting, Charles Hester expects to start his ice harvest on Monday.

At the regular session of Shokan I. O. O. F. Lodge Saturday night an entertainment committee was appointed to arrange for entertainment and refreshments to be served after the meeting of the Ulster County Post, Grand Association to be held at the hall of Shokan Lodge, at Tonawanda on Saturday evening, February 2.

Mr. and Mrs. Lester S. Davis were out of town guests on Sunday. Mr. and Mrs. George F. Beger and family of Boletville were local callers on Sunday afternoon.

Edward Avery and James Burdette of Maple Dell Farm participated in a successful rabbit hunt on Friday.

A herd of deer is wintering in this vicinity and the animals are frequently seen by residents of the community.

On Saturday evening the caretaker of Elwyn Davis's "Cherry" froze up while standing at Colange's store, which caused considerable annoyance. Before trouble could be located and sufficiently remedied to enable the caretaker to be driven home.

Chester A. Lyons of Ashokan Garage has sold a new Chevrolet sedan to Chester Buler of Boletville.

Mr. and Mrs. E. C. Burgher were Kingston visitors on Friday evening, during which time Mrs. Burgher attended the meeting of Kingston Chapter, O. E. S.

The condition of Clarence Donohue is reported as improving, which his many friends are pleased to learn.

Mrs. Margaret Mosher who recently died in Kingston was the mother-in-law of Mrs. Joseph Mosher, daughter of Mr. and Mrs. Martin J. Every of Traver Hollow.

Frank North, son of Mr. and Mrs. Albert North is not feeling very well, due to the prevalent colds.

An error was made in one of last week's news items, which stated that William Beaman of Brodhead was hauling wood for his neighbor Robert Van Kleeck. Frank Jordan hauled the wood with the team, instead.

Mr. and Mrs. Homer Markin of Shokan were Saturday evening callers at the home of Mr. and Mrs. Shepard Bell of the West Shokan Inn.

On Saturday evening Henry Kelder the popular Ashokan butcher gave a very interesting talk of the selection of meats after the business session of Shokan I. O. O. F. Lodge.

U. S. Exports Up In 1928, But Imports Show Decline

Washington, Jan. 29.—Preliminary figures of the United States Department of Commerce show that exports of merchandise from this country in 1928 totaled \$5,129,132,000, or in October, 1928, when exports totaled \$550,757,000 more than the 1927 total, while imports declined \$94,412,000 to \$4,655,500,000. The exports of 1928 over imports was \$1,629,262,000, as compared with \$594,622,000 in 1927.

A chart, prepared from the department's figures, shows the trend of foreign trade during the year. In the first eight months exports paralleled those of 1927, but in the last quarter

there was a sudden expansion of the export trade which carried the total of 1928 above that of the previous year.

The gain was noticeable particularly in October, 1928, when exports totaled \$550,757,000 against \$456,375,000 in October, 1927, and exceeded the previous record, \$527,172,000, of October, 1924.

Imports reached their peak in March, but the total, \$2,850,427,000, was only slightly above the \$278,000,000 total of March, 1927, and considerably below the previous record total, \$442,859,000, of March, 1926.

A chart, prepared from the department's figures, shows the trend of foreign trade during the year. In the first eight months exports paralleled those of 1927, but in the last quarter

there was a sudden expansion of the export trade which carried the total of 1928 above that of the previous year.

The gain was noticeable particularly in October, 1928, when exports totaled \$550,757,000 against \$456,375,000 in October, 1927, and exceeded the previous record, \$527,172,000, of October, 1924.

Imports reached their peak in March, but the total, \$2,850,427,000, was only slightly above the \$278,000,000 total of March, 1927, and considerably below the previous record total, \$442,859,000, of March, 1926.

A chart, prepared from the department's figures, shows the trend of foreign trade during the year. In the first eight months exports paralleled those of 1927, but in the last quarter

there was a sudden expansion of the export trade which carried the total of 1928 above that of the previous year.

Girl Reserves' Health Supper

The Grade School Clubs of the Girl Reserves of the Y. W. C. A. enjoyed their annual Health Supper Monday evening at the Y. As in the past, a special feature of the occasion was the competition in table decorations, each club endeavoring to have the most attractive table, conveying the most practical "Good Health" hints. Vegetables, fruits, every kind of a doll, representing bakers, tennis and basketball players, skaters, swimmers, and coasters, and every kind of a house, such as the Y. W. C. A. Gymnasium, Podge-Cake Inn, Milk Depot, Good Health House, etc., were represented.

The judges, Mrs. A. Noble Graham, Mrs. Herbert Darrow, and Miss Jane Van Etten, had a hard time making a decision, but awards were finally given as follows: To

the Ever Ready, for the most elaborate table; to the Peg for the table suggesting the best requirements for a Girl Reserve; to the T. M. T. M. for the most original table and to the Busy Bees for the most practical hints on daily living.

There was much happy singing during the supper and afterwards Mrs. George Ross gave the children a very interesting talk on "Good Health." About eighty children attended the supper.

OLIVE BRIDGE, Jan. 30.—John Popelvas and Grover Winchell attended the stockholders' meeting of the Accord Farmers' Cooperative Association last week.

Elizabeth and Helen Popelvas attended the Regents' examinations held at Ashokan under the management of Mr. Gridley. They received standing far above the passing mark in all their subjects they were required to take.

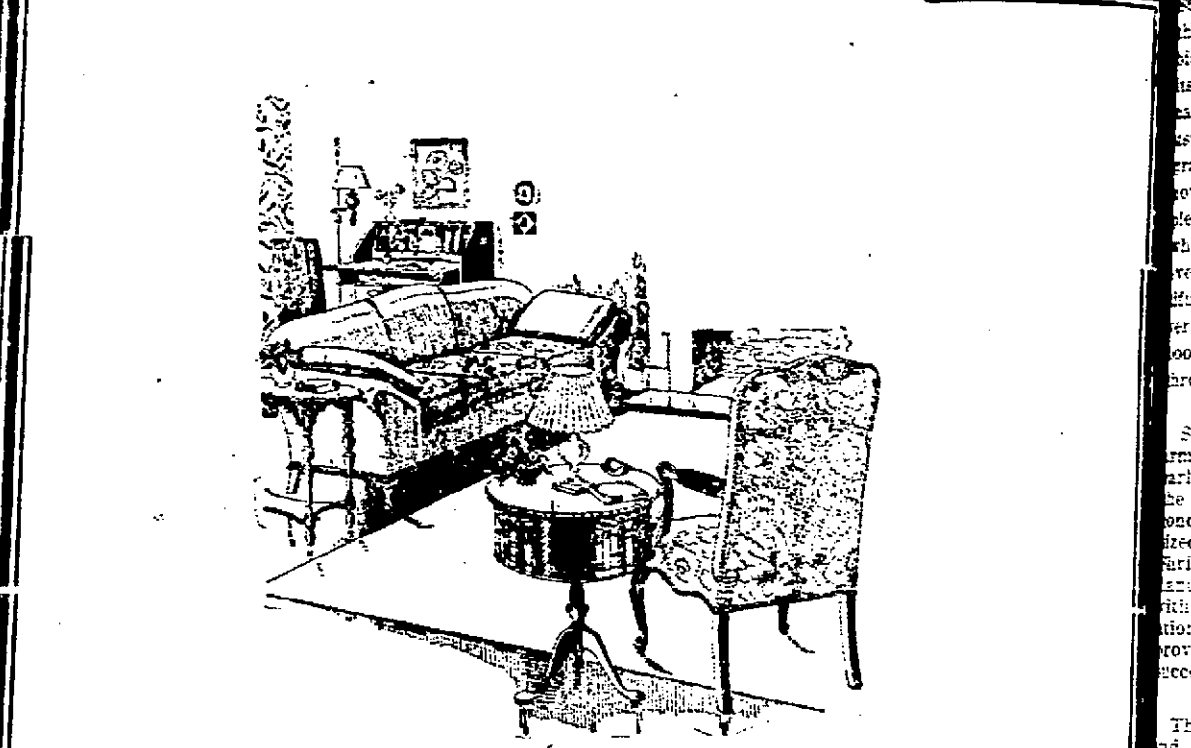

Grover Winchell has filled his house to its fullest capacity. This will

be a great home convenience during the summer months when the thermometer registers 90 degrees especially in a community where frigid is an impossibility.

John Thompson who experienced a severe fall at the village a short time ago, is not very well at present.

Featuring American Watches

The Best Watch Insurance
—an interesting feature to note—

YOU may be sure of this when you buy a watch—whether it be an expensive model, or one costing into the hundreds.

If it carries the name of any of the well-known American makers, you can count on it for long years of accurate service, and an absolute minimum of repair costs. American makers themselves have set this higher mark of watch efficiency by standing back of each timepiece they produce. Elgin, Hamilton, Waltham—such names are the finest assurance of satisfaction you can have when selecting a watch.

Cordially yours,
Safford & Scudder
